

IMPORTANT INFORMATION

- Please read these instructions carefully before installation or operation.
- Retain this manual for future reference.
- Please refer to product listing for detailed information.
- This product must be installed by a suitably competent person.
- This product should be installed in accordance with local IEE wiring regulations and building regulations.
- Remove product from packaging.
- Fully uncoil all cables.
- May contain small parts. Possible choking and suffocation risk. Keep away from children. Not a toy.
- Do not open, modify, or repair the unit. No user-serviceable parts inside.

SAFETY PRECAUTIONS

- Please read these instructions carefully before installation or operation.
- Do not install or use the product if it is damaged.
- For indoor use only.
- Use only with compatible Syndeo products.

ELECTRICAL

- Do not install if the product has visible damage.
- Do not modify or disassemble the product beyond instructions or the warranty will be void.
- Replace the whole product if any sections are damaged or malfunctioning.

MECHANICAL

- The product should be mounted only using the recommended accessories.
- Handle with care. Take care not to dislodge any components during installation.
- Ensure that cables connected to the driver cannot be pulled and are secured to provide strain relief.
- Do not over tighten screws when mounting.

ENVIRONMENTAL

- IP20 sensors are not waterproof and can only be installed indoors.
- Keep away from moisture and only use in dry locations.
- Install in a location without chemicals like sulphur, acid and halogen present.
- Avoid direct exposure to sunlight and protect cables from UV rays with suitable silicone sheath.

MAINTENANCE

- Before cleaning or maintenance, ensure the power supply is disconnected from the mains.
- Clean only with a dry, soft cloth.
- Do not use chemical cleaners or solvents.
- Do not open, modify, or repair the unit. No user-serviceable parts inside.

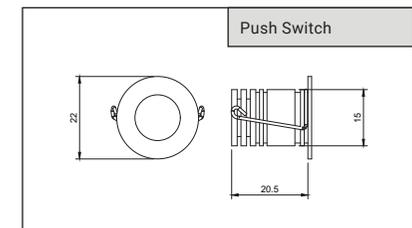

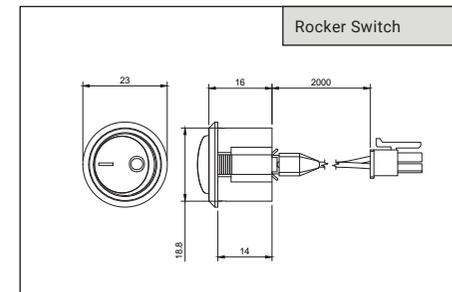

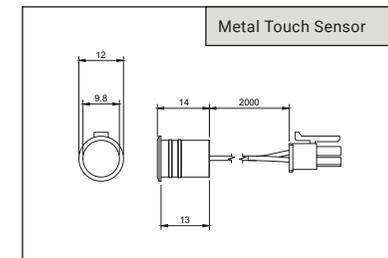

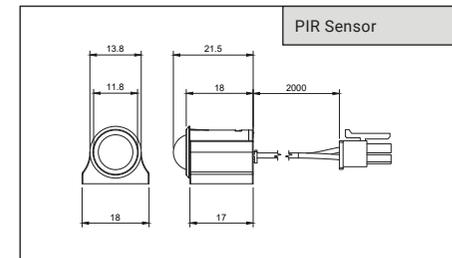

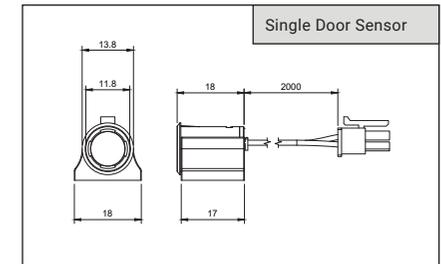

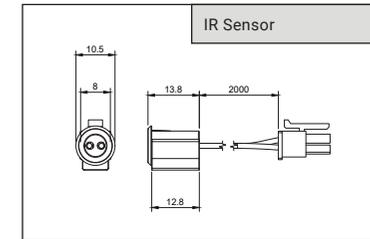

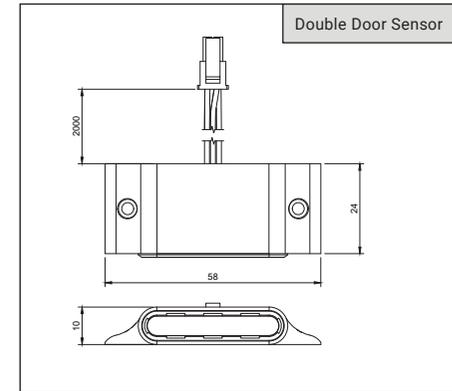

PRODUCT WARRANTY

1. A warranty period is provided for products in normal use. For any faults arising during the period that are confirmed to be quality related by inspection by the company, a product of the same specification will be replaced for free.
2. The warranty does not cover any of the following:
 1. Any product damage due to usage not allowed in the instructions.
 2. Any product damage due to disassembling or wrong operation by the user.
 3. Severe appearance damage or deformation of the product.
