- ▶ 12x Fused Outputs
- ▶ 24A Max. Current
- ▶ Tool Free Connectors
- ▶ Snap Off Design
- ▶ 3mm Mountings
- ▶ UK Design

### Description

- ▶ Convenient to use low voltage fused power distribution module. Ideal for splitting the output from high power LED drivers between lower power circuits.
- ▶ Input and output connections can be made using the pre-installed tool free connector blocks.
- ▶ The unique chocolate block design of the PCB means that individual sections can be snapped off to remove unused outputs and allow a single strip to be shared between different installations.
