

LEVEL 4

PRODUCT RANGE

PRODUCTS MADE PERSONAL

We take incredible care to embellish quality branded golf accessories & equipment with your brand, ensuring the best visibility as well as comfort and usability.

It's our product, made personal to you.

THE CHOICE OF CHAMPIONS

Level 4 has built an enviable reputation for supplying high quality branded merchandise for some of the biggest sporting events in golf.

BETTER FOR THE PLANET, BETTER FOR BRANDING.

PRODUCT

Whilst we understand that plastic and other durable materials are incredibly useful for some of our products, we are entering a new era where product design is considered from a new perspective, exchanging single use for sustainable and continuing to serve quality and value as we always have.

For example, we are exploring the use of materials such as bamboo, wood and merino wool, as well as our Eco Trolley Bag which is made from recycled plastic bottles.

PACKAGING

We've launched a number of sustainable initiatives that will enable us to offer the golf trade a greener future including; the eradication of plastic packaging and the introduction of biodegradable and/or recyclable packaging such as the brown box packaging on our reusable drinks bottles, printed with one-colour using water based inks.

1

Replacing plastic in our range with the faster replenishing Bamboo and Wood.

2

A natural fabric tote bag that doesn't cost the earth. With a simple clean style, hemp is also a strong natural fibre, meaning these tote bags stand up well to daily use.

3

100% Recyclable Packaging that's fit for retail displays and with low impact on production materials.

4

Merino wool is a natural fibre that is environmentally friendly, biodegradable and an excellent thermoregulator.

5

A lightweight 9-Inch trolley bag, with fully customisable front pocket. Made from recycled bottles.

MAXIMISE YOUR RETAIL POTENTIAL WITH THE LEVEL 4 RANGE

RETAIL SUPPORT

We recognise the importance of retail displays and the amount of thought that goes into the planning and execution of your retail space, which is why we have produced a range of soft goods that are ideal for display as standalone products as well as collections.

CHOOSING YOUR RANGE

We offer merchandising support and advice to ensure you have the right stock on display at the right time to meet the demands of the market. Our experienced area retail consultants are on-hand to advise and help you maximise the potential of your range, which can be altered seasonally or in-line with your retail requirements.

TYPES OF EMBELLISHMENT

IN-HOUSE FULFILMENT

PRINTING

Reproduction by applying ink to a product using different methods such as screen printing, pad printing and digital printing.

EXAMPLE PRODUCTS

- Ball markers and poker chips
- Pitch repairers
- Bag tags
- Presentation boxes
- Scorecard holders and books
- Headcovers
- Golf and ball bags
- Umbrellas
- Drinks bottles and travel cups
- Tees and accessories
- Golf balls

 Designed and produced in-house

 Available from stock – lead times will vary

EMBROIDERY

Embroidery is the process of turning graphic design into needle and thread for application to fabric. Designs can be simple, single colour or multi-colour intricate pieces of art. If the fabric can be laid flat then it can be embroidered.

EXAMPLE PRODUCTS

- Tote bags
- Towels
- Caps
- Large bears
- Headcovers
- Shoe bags
- Luggage bags

 Designed and produced in-house

 Available from stock – lead times will vary

TYPES OF EMBELLISHMENT

60-DAY LEAD TIME

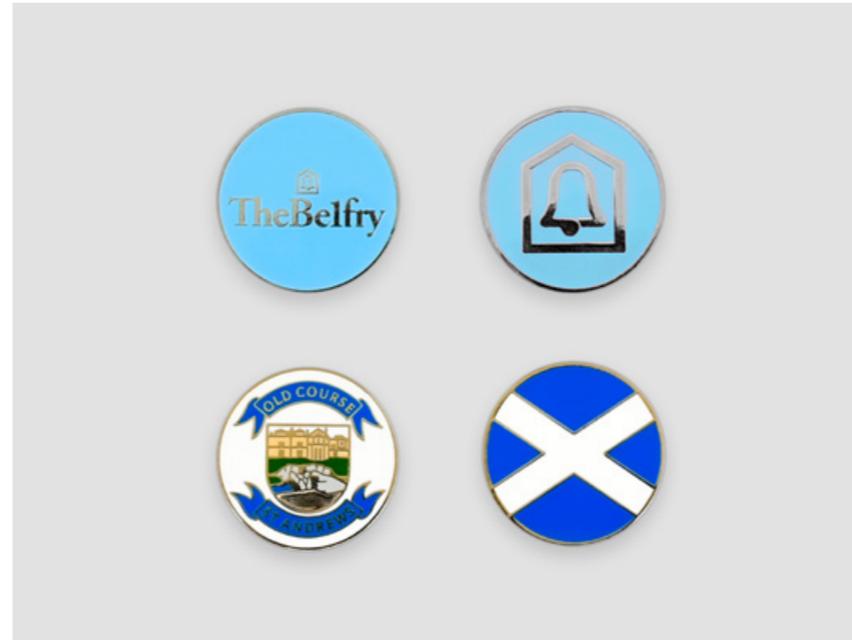

SOFT ENAMEL

Soft enamel has recessed enamel. The enamel clings to the edges and recesses below the metal die line and gives the soft enamel signature 'bumpy' feel when you run your finger over the top.

EXAMPLE PRODUCTS

- Ball markers
- Bespoke pitch repairers
- Bespoke bag tags

 Special order, lead time 60 days

HARD ENAMEL

Hard enamel is polished flat. The enamel is added before the plating is added and then polished flat to the same level as the metal die lines.

EXAMPLE PRODUCTS

- Ball markers
- Bespoke pitch repairers
- Bespoke bag tags

 Special order, lead time 60 days

ETCHED

The creation of design or graphic on the surface of metal by removing some of the metal. This creates a premium look.

EXAMPLE PRODUCTS

- Ball markers
- Bespoke pitch repairers
- Bespoke bag tags

 Special order, lead time 60 days

DTF PRINTING

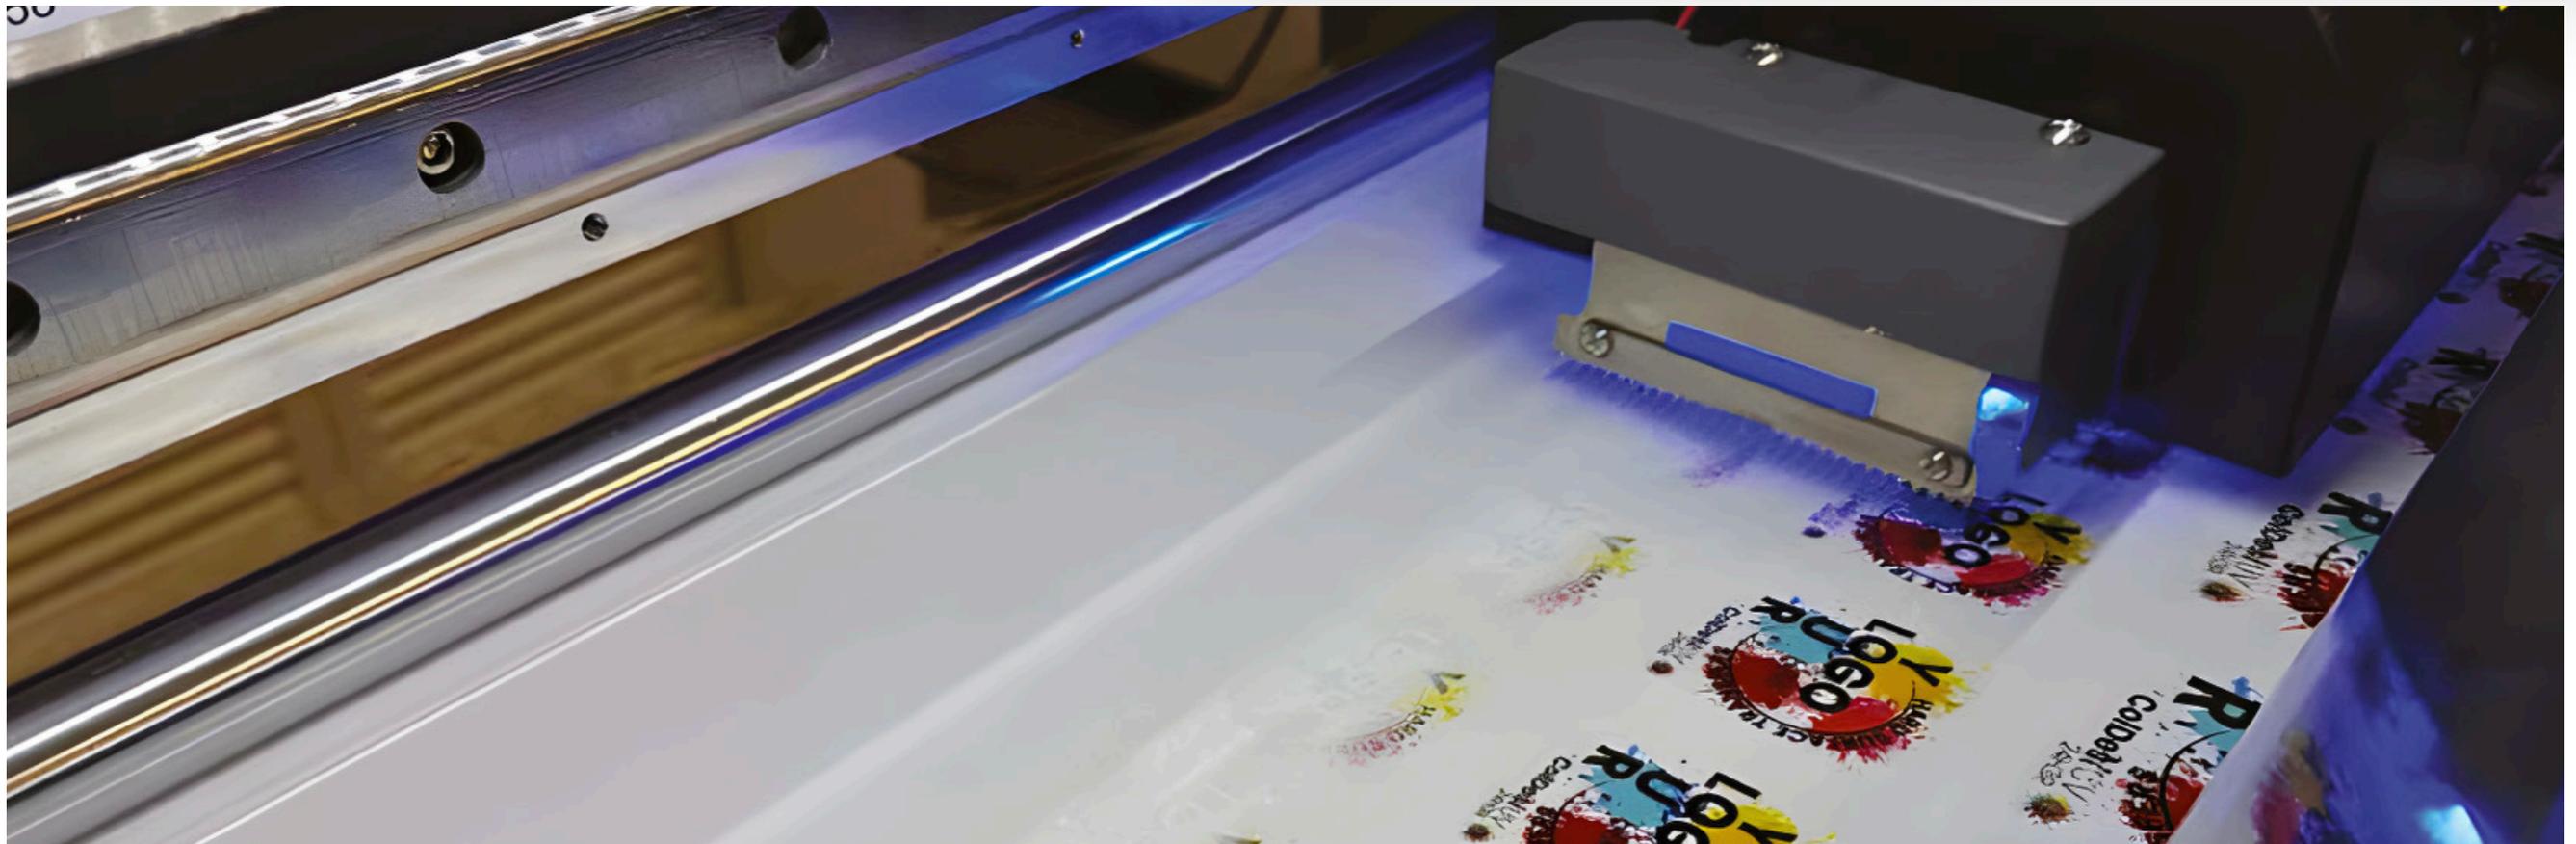

Direct-to-film (DTF) printing involves printing a design onto PET film (a special film with a coating that helps transfer designs) using water-based inks and a special powder adhesive. Then, the design is heat transferred to fabric using a heat press machine. This printing method is durable and the designs come out very detailed and vibrant. Our own in-house DTF studio gives us control over the entire process, from start to finished product.

DTF
FULL COLOUR
PRINT NOW
AVAILABLE

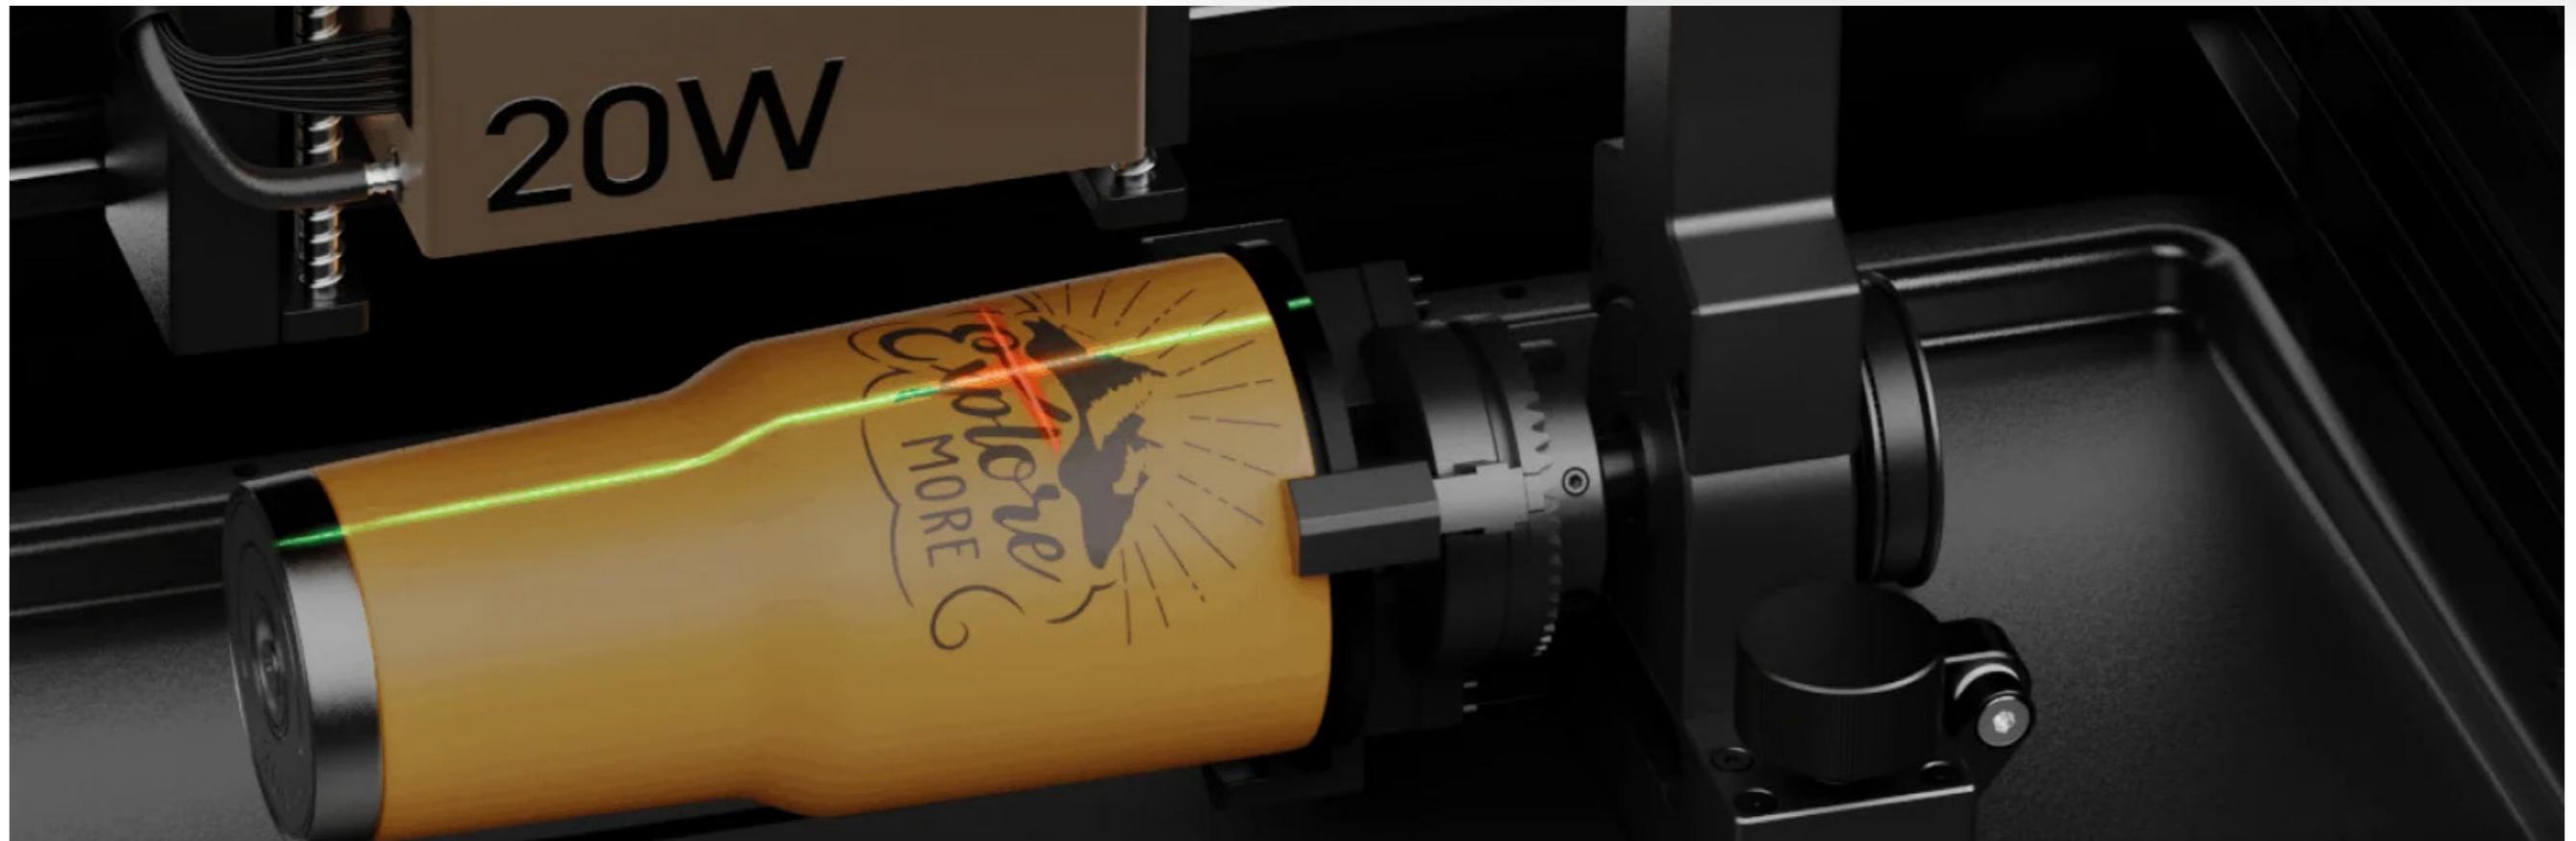

UV DTF PRINTING

UVDTF transfer prints are the latest in decal printing technology. Similar to our high end direct to film garment printing an industrial inkjet printer is used to print the design. UV DTF printers first print the white layer on to an adhesive film, then print the colour layer, and finally a clear varnish on top of that. The machine uses integral ultra bright UV lamps to cure the prints into a super tough yet flexible finished print.

LASER ENGRAVING

Laser engraving on metal is a popular and versatile method for marking and decorating various metal items. It uses a high-powered laser beam to etch or engrave designs, text, or patterns onto the surface of the metal. This technique offers precision, durability, and a high level of detail, making it suitable for a wide range of applications

LOGOS FOR PERSONALISATION

EMBROIDERY

We have to digitise your logo to enable embroidery of any product and it is not necessary to supply a vectored or high resolution image of your logo for us to achieve this. The digitising process converts your logo into a DST file which the embroidery machines will read to create your embroidery. There is no charge for creating the initial embroidery files - this includes one DST file and an embroidered swatch.

IMPORTANT

Please ensure the correct logo together with any other relevant information such as additional text are provided to us from the outset as any amendments resulting in the creation of an additional DST file will result in a charge. When placing repeat orders, care should be taken to ensure the correct logo has been specified. In some cases, small text amendments can be made to existing DST files. In this case, a reduced fee will be applied.

LOGOS FOR PERSONALISATION

PRINTING

All printed items, with the exception of ball markers, require a 'vectored' logo unless text only is required. These are usually .pdf, .eps or .svg files - **jpeg, .png and .gif files are not generally acceptable for use.**

If you are unsure whether your logo is vectored or not, please contact the Level 4 team who will be happy to advise you.

If your logo is not vectored and you are unable to locate one, we can provide redrawing service which is charged. We will provide an estimate of the total charge dependent on the complexity of your logo.

FAQs

SET UP CHARGES

Embroidery - All Prices are inclusive of set up for embroidery of 1 logo & type in 1 position and up to 12,000 stitches. Additional stitches are charged. Stitch count charges are rounded up to the nearest 1,000 stitches when calculating. Additional charges will be incurred for multi position embroidery or differing embroidery types. Please get in touch to discuss your requirements.

Printing - All Prices are inclusive of set up for printing of 1 logo in 1 position. Additional charges will be incurred for multi position printing or differing print types. Please get in touch to discuss your requirements.

LEAD TIMES

To ensure that production times are kept to a minimum, quick approval of artwork proofs is recommended. Equally if there are any issues with the supplied proofs then we can work to correct them immediately.

We know that sometimes things get left to the last minute, which is why we also offer a rush service.

Rush production may incur an additional charge, and is dependent on the order volume and number of items in the production run. We will however endeavour to do everything we can to fulfil your order. If you need your order turned around quickly, then please get in touch to discuss your requirements.

ARTWORK GUIDELINES

So that we can personalise your order quickly and to the highest standards, all logo artwork needs to be supplied in one of the following formats: .AI / .EPS / .PSD / .SVG / .PDF / .DST

Subject to review by the artwork team, we can also potentially accept the following file types:

.PNG (High res) / .JPG (High res) / .TIFF

If you are unable to supply a suitable artwork, we can offer design services to help create what you need, however, if the order does not go ahead there will be a charge.
