

## Embedded Software Developer (m/f)

We're looking for talented and motivated people to join our team.

Smartfrog is a tech startup focused on the "Internet of Things", which is about making everyday objects more intelligent and connected to the internet, enabling the user to access them from anywhere at any time. We want the latest technologies to be affordable and user-friendly, so that our everyday lives become more comfortable, more efficient and more secure.

Are you the kind of person who gets excited by new challenges? Do you want to help us find innovative solutions to those challenges? If so, we look forward to hearing from you.

### What we offer:

- A dynamic office environment at an international tech startup in the heart of Berlin
- The chance to help build an exciting new brand and develop new products
- A young and agile business with flat hierarchies
- Great potential to develop your career
- Flexible hours and working arrangements
- Attractive compensation packages

Location: Berlin

Start: ASAP; Fulltime

### The role:

- Develop the embedded software on our Linux based IP camera systems
- Communicate with our Chinese suppliers and partners

### Requirements:

- 2+ years of experience in developing embedded software for Linux based hardware products, preferably IP cameras
- Completed Studies in computer science, communications, electrical or control systems engineering
- Fluent in C
- Experience with embedded operating systems, e.g. RealteC Linux, ContikiOS, TinyOS, RTOS, ...
- Solid knowledge of serial interface programming / BUS systems
- Excitement for IoT technologies such as MQTT, 6LoWPAN, ...
- *Nice to have:* Experience with Agile development processes and tools such as JIRA
- *Nice to have:* Experience with Internet of Things or Smart Home devices
- *Nice to have:* Experience with streaming and video analysis tools, e.g. Ffmpeg, OpenCV

### How to apply:

Are you interested in joining the Smartfrog team? Please send your CV with a short cover letter including salary indication and your portfolio (github, websites) to Mr. Sergio Flores, [jobs@smartfrog.com](mailto:jobs@smartfrog.com). We are excited to get to know you!
