

PalPilot International Corp.

PalPilot based in Milpitas, USA, are in four core industries; PCB Design, PCB Manufacturing, Interconnect Products, and Magnetic Components and have manufacturing sites in Taoyuan, Chungli/Taiwan, Shenzhen, Dongguan, Haikou, and Suzhou/China.

PalConn, PalPilot's Interconnect Product division manufactures standard connectors, custom connectors, cable and wire harness products

PalConn

RJ45

RJ45 Modules for PoE/ PoE Plus applications
RJ45 + USB Combo Modules

USB, SATA, eSATA, HDMI

USB 3.0 (4.8Gbit/s) Mbit/s
USB2.0 (480 Mbit/s)
SATA 3.0 Gbit/s
eSATA 6.0 Gbit/s
HDMI Type A, Micro & MiniTypes SMT & DIP

SFP, SFP + Cage and Connectors

SFP (4.25 Gbps) standard applications
SFP+ (10.0Gbps) for high speed applications
Light Pipe option
Press -fit option
EMI gasket

Optical Transceiver Modules

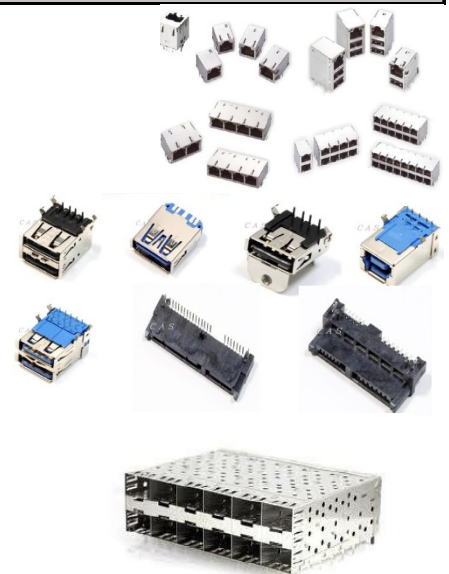

1x9 Module (Dual,Single)(BiDi/WDM).
SFF Module (Dual,Single)(BiDi/WDM).
SFP Module (Dual and Single)(BiDi/WDM).
CSFP/CSFF Modules (Two channels Single Fiber) (BiDi/WDM).
SFP+ Module

BTB, WTB, FFC, FPC, RF Connectors

FFC/FPC Conn Pitch: 0.4mm~1.0 mm, Pins: 4~65, Types: SMT& DIP.
BTB Conn Pitch: 0.4 mm~1.0 mm, Pins:10~ 200.Types : SMT.
WTB Conn Pitch : 0.6, 0.8, 1.0, 1.25, 1.5, 2.0, 2.5, 2.54mm, Pins : 2 ~ 60,
Types : SMT/DIP.
RF Conn 2.5 mm, 1.5mm, and 1.2mm for cable termination and board mount.

Cable Harness & Snap Latch Connectors

Snap Latch connectors + ECG cables & lead wires
PO2 disposable & reusable cables + Electro surgery cables (noninvasive)
Patient monitoring cables + Telemetry patient custom cable harnesses
Harnesses for control, cower, distribution, data + Switch-to-wire assemblies
Specialty cable for bio-medical equipment and devices

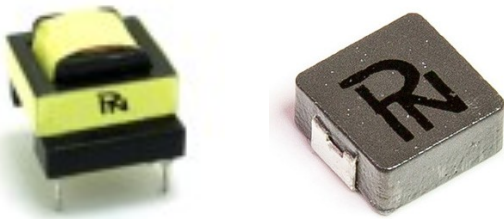

PalNova

LAN Magnetic Modules

Directional Coupler

Common Mode Chokes

Switching Power Transformers

Flyback Transformers

Coupling Transformers

RF Transformers

Switching Power Transformers

Power Inductors

Composite Forming SMD Inductors

SMD High Current Ferrite Power Inductors

SMD Unshielded Drum Core Inductors

SMD Shielded Drum Core Inductors

Toroidal Filter Inductors

Through-hole Unshielded Filter Inductors

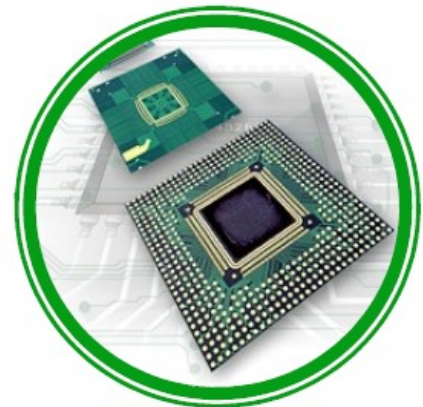

PCB & Substrate Division

- PCB

- Quick Turn
- High Mix Low Volume
- Medium to High Volume
- Multilayer/Build Up

- IC Substrate & Packaging

- <100um FC Pitch, High I/O
- High Density CSP
- Flex + Metal Core

Broadband Technology 2000 Ltd

Product Areas

Semiconductors	Wireless/M2M	Sensors	Power	Internet of Things
Mixed Signal IC's	Antennae	MEMS Accelerometers	Super Capacitors	Powerline Communications
Powerline Communications	GSM, GPRS & 3G Modems	MEMS Magnetic Sensors	Power Modules	Narrow & Broadband
RF Interface	3G Routers	MEMS Gyroscopes	Solid State Batteries	
Mixed Signal Active Filter	3G & GPRS Gateways	MEMS Pressure Sensors	Interconnect	
	4G/LTE	RF Microwave	Magnetics	
	GPS Tracking Units	Amplifiers	Cable Assembly	
	RF Cables	Attenuators	Connectors	
	Connectors	Switches
