Your needs are very important too. In order to make you feel welcome and part of Superkids you are informed of club activities and information on our parent noticeboard. Superkids also issues periodic newsletters and welcomes your feedback and comments on all aspects of the Club. We are always happy to receive your suggestions and ideas. We may issue a survey from time to time to obtain your feedback on the club so that we can improve the service we offer you and your child. Our policies and procedures are always available for you to view and safeguarding policies are available on our website.

Partnership with Children

Children are involved in Superkids decision making as much as possible. In particular, children enjoy making suggestions for art and themed activities and producing a list of Club rules to support positive behaviour and deal with bullying. Children are encouraged to share their ideas and to make suggestions on improving the Club.

Food and Nutrition (Breakfast and afternoon snack)

Superkids will provide a nutritious breakfast of wholegrain and multigrain cereals, toast, fruit and yoghurt with fresh water and for snack, we offer a wide selection such as chicken and ham wraps, crackers with cheese, sandwiches / rolls, toasties, soups, couscous, pasta with fruit and vegetables and fresh water daily. Treats are given in moderation, such as part of a themed activity, baking or celebration. Snacks will vary each day to ensure your child is offered and can experience a wider range of foods. Foods from different cultures will

feature on the snack menu, especially around the time of festivals and as a means of raising awareness of different cultures. Children's independence is encouraged by "self-serving" at snack time.

This will be achieved by promoting positive self-image, building self-esteem, challenging discriminatory practices, respecting each other's diversity, languages, cultures, beliefs, and principles. Superkids believes that all children have a right to play, learn and be able to develop to their full potential alongside their peers and have access to the same facilities, activities and play opportunities with reasonable adjustments where necessary. When we identify a child with additional needs, we will support the child and work closely with parents and other relevant agencies to understand the child's requirements and look to how we can provide this within Superkids whilst balancing care of other children.
