

# Vestibular Sense - Movement

## Peanut Balls

- Help with stability and balance
- Can be used for rolling, rocking, balancing etc
- Peanut balls have greater stability than round gym balls

Peanut balls are measured by measuring the distance from the armpit to the tip of the finger. This should correspond to within 5cm of the height of the ball.

| Identifier  | Size     | Colour |
|---|----------|--------|
| PNB40   | 35-40 cm | Yellow |
| PNB50   | 45-50cm  | Orange |
| PNB60   | 55-60cm  | Green  |
| PNB70   | 65-70m   | Blue   |
| User must be measured in the library before borrowing |          |        |
