

PARES (Personal Assistant and Recruitment Employment Service)

INFECTION CONTROL ANNUAL STATEMENT 2019

PURPOSE

This annual statement will be generated each year in January. It will summarise:

- Any infection transmission incidents and any action taken (these will have been reported in accordance with PARES Infection Prevention and Control Policy.
- Details of any infection control audits undertaken, and any actions taken.
- Details of any infection control risk assessments undertaken.
- Details of staff training
- Any review and update of policies, procedures and guidelines

BACKGROUND

Terri Baker – Registered Manager and Carla Evemy – Nominated Person are responsible for ensuring PARES staff have the appropriate infection control training. They also share any information with the staff via supervision meetings or emails.

SIGNIFICANT EVENTS

Between 1st January 2019 – December 31st 2019. There have been 0 occasions for which PARES have considered a Significant Event review relating to Infection, Prevention and Control.

AUDITS

No Infection Control audits were undertaken in this reporting year.

To ensure our clients are fully informed of our Infection Control audit outcomes a copy of this annual statement will be placed on our website. We will also notify staff any outbreaks they may need to be aware of when supporting our clients via information emails.

PARES Infection Control Summary

There were no infection transmission incidents, so no action was required to be taken.

There were no infection control audits undertaken in this reporting year.

Infection Control Risk Assessments are undertaken as a part of the initial PARES Risk and Positive Outcomes Assessment. This is reviewed annually or sooner if there are any reported incidents.

All staff have mandatory online Infection Control training via Care Skills Academy. If staff are identified as requiring further Infection Control training to be able to support clients who may have specific needs the training will be sourced externally.

The PARES Infection Prevention and Control Policy was updated January 2020.
