***Care of Creation***

Before easter two apple trees were donated to the parish & planted close to the chapel at Holy Cross. They were offered to every parish by the [Ecological Conversion Group](#) is a small charity, working in partnership with our Diocese, supporting our churches & communities to mobilise us to the respond to the actions that Pope Francis calls us to – particularly in hearing the “cry of the Earth & the cry of the poor” (Laudato Si’). Working closely with our Diocese & other partners, we are running the [Journey to 2030](#), which is a long-term process that aims to involve people from all corners of our Church to act on our urgent ecological & social crises. Our donor apple orchard was aware of our work & wanted to support our parishes with a simple action to remind us of our dependency on our planet & need to care for Creation.

***We pray***

We pray to our risen Lord for Pope Francis. May he be a living symbol of Easter joy & a sign of hope to our world.

We pray to our risen Lord for the Government, scientists & all in leadership positions as we emerge from lockdown. May they make the right decisions as we move towards a new, post-Covid reality.

We pray to our merciful Lord for families struggling to make ends meet. May they find the support they need to nurture a secure, happy & loving life together.

We pray to our risen Lord for our parish family. As we come together once again, may we value each other, build a supportive, loving community & be a living message of peace to the people around us.

We pray to our merciful Lord for all our deceased relatives & friends & we especially remember Prince Philip who died this week
