

Can you make it through the multiple maze? Start on the shapes. From the diamond you will need to COUNT ON in **multiples of three** and from the circle you will need to COUNT BACK in **multiples of three**.

$3 \times 10 = 30$
 $30 \div 10 = 3$

Can you make it through the multiple maze? Start on the shapes. From the diamond you will need to COUNT ON in multiples of three (up to 99!) and from the circle you will need to COUNT BACK in multiples of three (from 99!). Good luck!
