FAIR PLAY IN LIFE

What is Fairway Fife

Fairway Fife is a peer mentoring charity based in the west of Fife.

What is a Peer Mentor?

A Peer Mentor is aged 16+ and will spend time with a young adult with learning disabilities, supporting them to become more socially involved with other young people. It won't cost you a penny it's all free!

What do Peer Mentors do?

The everyday things that most of us take for granted—going to the cinema, bowling, nights out, shopping or just chilling out with a pizza and a DVD—chatting about everyday issues. These are a few of the things some of our young adults do not always get the chance to experience with people their own age. Could you make the difference that would enhance their lives so much?
