

Safeguarding and Welfare Requirement: Staff Qualifications, Training, Support and Skills

At least one person who has a current paediatric certificate is on the premises at all times when children are present, and must accompany children on outings.

Health

Providers must ensure there is a first aid box accessible at all times with appropriate content for use with children. Providers must keep a written record of accidents or injuries and first aid treatment.

First Aid

Policy Statement

In our setting, staff are able to take action to apply first aid treatment in the event of an accident involving a child or adult. At least one member of staff with a current first aid certificate is on the premises, or on an outing at any one time. The first aid qualification includes first aid training for infants and young children. We aim to ensure that first aid training is local authority approved and is relevant to staff caring for young children.

Procedures

The first aid kit

Our first aid kit is accessible at all times, complies with the Health and Safety (First Aid) Regulations 1981 and contains the following items:

- Triangular bandages (ideally at least one should be sterile) x4
- Sterile dressings:
 - a) Small x 3
 - b) Medium x 3
 - c) Large x 3
- Composite pack containing 20 assorted (individually wrapped) plasters x 1
- Sterile eye pads (with bandage attachment) e.g. No 16 dressing x 2
- Container or 6 safety pins x 1
- Guidance card as recommended by HSE x 1

In addition to the first aid equipment, each box should be supplied with:

- 2 pairs of disposable plastic (PVC or vinyl) gloves.

- 1 plastic disposable apron
- A children's forehead 'strip' thermometer.

- The first aid box is easily accessible to adults and is kept out of reach of children.
- No un-prescribed medication is given to children, parents or staff.

- At the time of each child's admission to the setting, parents' written permission for obtaining emergency medical advice or treatment is sought. Parents sign and date their written approval.

- Parents sign a consent form at registration allowing staff to take their child to the nearest Accident and Emergency unit to be examined, treated or admitted as necessary on the understanding that parents have been informed and are on their way to the hospital.
