Notes	<p>The highest level of qualification was derived from the question asking people to indicate all types of qualifications held. People were also asked if they held foreign qualifications and to indicate the closest equivalent. There were 12 response options (plus 'no qualifications') covering professional and vocational qualifications, and a range of academic qualifications.</p> <p>These were combined into five categories for the highest level of qualification, plus a category for no qualifications and one for other qualifications (which included vocational or work-related qualifications, and for foreign qualifications where an equivalent qualification was not indicated).</p>
