

Dear parent/carers,

18 May is National Numeracy Day, the UK's only day dedicated to everyday maths, organised by the charity National Numeracy.

It's a day that celebrates the importance of numbers for children and adults and inspires everyone to improve their numeracy in order to open up opportunities and brighter futures – and this year is the campaign's 5th birthday!

We have lots of, fun activities planned for your young person to take part in at school with the aim of helping them feel positive about numbers.

The young person will be getting creative taking part in the Number Heroes competition to win one of five £1000 numeracy prize packs for the school as well as a £50 voucher for the winning child.

There will also be lots of birthday themed number fun with celebrities; murder mysteries and escape room challenges throughout their learning on this day.

One of the best ways to support children to feel positive about numbers, is to feel confident yourself. National Numeracy has lots of free resources to help you support your children with numbers and to boost your numeracy too!

Please visit www.nationalnumeracy.org.uk/numeracyday to find out more.

We hope you all have a happy National Numeracy Day on 18 May!

Thanks

Claire Haggon
