

PARENT / CARERS INVOLVEMENT

- **Adaptions will be made as and when appropriate due to the Pandemic and the current school regulations**

The club is committed to working in partnership with parents to enhance the quality of care on offer. Parents/carers will be invited to contribute as follows: -

- Parents/carers are welcome to visit the club at any time.
- Parents/carers are free to discuss any issues with a club employee or director at any time.
- The club will keep a notice board to illustrate club rules regulations etc.
- Policies and procedures are available to parents /carers on request and on the Company Website.
- We will share a child's individual records with Parents / Carers and ask for their support and contributions in completing these records.
- We will share any concerns about a child with their Parents / Carers e.g. if a child has been using inappropriate language or if their behaviour has changed e.g. they have become aggressive or withdrawn.

We recognise the important part parents/carers play in helping their children to fully participate in the activities we offer. We ask them to talk to their children about what they have been doing in the club and listen to what they say.

We are open to any ideas or skills which they can offer to help to enhance or improve the quality of care we offer to the children.

Any parent/carers who want to help or contribute ideas to the running of the club should ring Ryan Robertson on 07971957839 or speak to the setting manager.
