

Selection Policy

Junior or Senior players who wish to be considered for selection to represent Cardiff City Community Table Tennis Club in any tournament and/or league must show commitment to the club. Coaches of the club will follow selection procedures and put players forward who they believe deserve a spot in selection for leagues, tournament or disability tournaments. Final selections will be made by head coach Nathan Thomas.

The following factors will be considered when selecting players for competitions:

- Attitude on and off the table during training and competitions
- Attendance and reliability
- Performance
- Commitment
- Ability to perform as part of a team
- Long term potential to perform and benefit from the experience

Failure to comply with any of the above without good reason may result in non-selection or withdrawal of selection. Selections may be questioned, however final decision is always made by Nathan Thomas.

For questions about the selection procedure please contact Nathan:
