

## ICIS SUPPLY & DEMAND DATABASE

Full access to rich and in-depth supply and demand data

## ICIS SUPPLY & DEMAND WINDOW

Top-line customisable view, exclusively available on the ICIS Dashboard

### KEY FEATURES

<b>Product Coverage</b>	Up to 103 petrochemical products; 28 product families	Up to 66 petrochemical products
<b>Geographical Coverage</b>	Global – broken down by country <ul style="list-style-type: none"> <li>Over 160 countries listed</li> <li>Searchable by single or multiple countries, by region or for global overview</li> </ul>	Global – broken down by region: Africa, Asia Pacific, Europe, Former USSR, Middle East, North America, Northeast Asia, South and Central America
<b>Historical + Forecast Data</b>	From 1978 to 2040	Six-year or 11-year period
<b>Import and Export Volumes by Product</b>	<ul style="list-style-type: none"> <li>Searchable by single or multiple products; or by product family</li> <li>Map out data against the importing and exporting countries or region</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table, chart, graph</li> <li>Data is downloadable in multiple formats</li> </ul>	<ul style="list-style-type: none"> <li>Single-product plotting and data compilation only</li> <li>Regional import/export volumes</li> <li>Net trade volumes by region</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table or graph</li> <li>Data is downloadable in various formats</li> </ul>
<b>Capacity and Production Volumes by Product</b>	<ul style="list-style-type: none"> <li>Searchable by single or multiple products; or by product family</li> <li>Plant capacity, production and utilisation rate by company, country and region</li> <li>Populate producer's list by country or region</li> <li>Plant details – operating status, technology, site location, licensor, downstream integration</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table, chart, graph</li> <li>Data is downloadable in various formats</li> </ul>	<ul style="list-style-type: none"> <li>Single product plotting only</li> <li>Regional capacity/production volumes</li> <li>Plant capacity and producer's name per country</li> <li>Utilisation rates by region</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table or graph</li> <li>Data is downloadable in various formats</li> </ul>
<b>Consumption Volumes per Product</b>	<ul style="list-style-type: none"> <li>Searchable by single or multiple products; or by product family</li> <li>Consumption per company, country and region</li> <li>Data may be plotted with import, export, production and capacity data</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table, chart, graph</li> <li>Data is downloadable in multiple formats</li> </ul>	<ul style="list-style-type: none"> <li>Single product plotting only</li> <li>Total consumption by region</li> <li>Data may be plotted together with production volume per region</li> <li>Available in multiple volume denomination</li> <li>Data may be viewed in table or graph</li> <li>Data is downloadable in various formats</li> </ul>
<b>Product Trading Patterns and Trade Statistics</b>	<ul style="list-style-type: none"> <li>Searchable by single or multiple products</li> <li>Shows historical and forecasted importing/exporting countries and the volumes per product</li> <li>Historical average trading price in USD/mt</li> <li>Create own data set or choose from pre-set data segments: Product Flows, Product Derivatives, Net Trade Balance, and more</li> </ul>	Not provided
<b>Plants and Refineries</b>	Covers 12,700 refinery streams and 11,500 petrochemical plants Details on plant capacities, company names, site location, downstream integration, ownerships, process route, technology, licensor	Not provided
<b>Plant Operating Status</b>	Indicates: Start-ups, expansions, output reductions, placed on standby, shutdown, speculative and announced projects	Not provided
<b>Monomer-derivative</b>	Balance analyses for world, region, country, site and company	Not provided
<b>Company Ownership</b>	10,300 companies covered. Provides details on company structure, subsidiaries and affiliates	Not provided
<b>Econometrics</b>	Country's GDP, population and consumer price index	Not provided

### VALUE-ADDED SERVICES

<b>Access to Consultants</b>	Yes, to verify and get advice on interpreting data	Not provided
<b>System / Platform Training</b>	Yes, it can be customised to your needs and conducted via webinar or onsite	Yes, covering set-up procedures conducted via webinar
<b>24-hour Customer Support Service</b>	Available	Available
<b>Subscription</b>	Annual fee	Annual fee
<b>Number of users</b>	Multiple	Multiple
