

RGGI Insight

Plan a winning auction strategy with our RGGI analysis and news

Our analysts and reporters blend market expertise with behavior-driven analysis to help you make better-informed trading decisions and study/examine market developments.

RGGI analysis and news will reduce your risk of being wrong-footed by unexpected market moves. We don't overwhelm you with details. Our analysts boil down key data and important market events into insightful, useable chunks, meaning that even if you trade multiple commodities, you're always getting the right level of detail.

Expert carbon analysis giving you deeper insight

We take time to examine closely why trends develop, why they are important and then pass this insight on to you.

We provide context; by drawing upon ICIS' leading industry knowledge of the global carbon markets, we can spot trends in the RGGI and make the calls others can't.

We're talking to the biggest participants and regulators in the

world's carbon markets - and are their trusted advisors. But you don't just have to take our word for it. We back it up with our pioneering behavior-based modeling of carbon markets.

We shine a light on why the markets move, what drives these movements and what to expect in the future. This is why we're the go-to source for RGGI information.

The RGGI Insight solution gives you:
