Critical market data, tools and expertise for the Latin American markets

Pricing Intelligence
Access independent price assessments that meet IOSCO’s PRA Principles and which are widely trusted and used as benchmarks in the industry. ICIS coverage is unrivalled, publishing pricing data and market information for over 180 commodities, across all key regions. Make fast and confident decisions and determine the best time to buy or sell with access to:
- Spot and contract price assessments, including personalised alerts to notify you of changes
- In-depth analysis and price history to help you track and understand price drivers and trends
- Easy access to information, with multiple delivery options

Analytics Solutions
ICIS offers a unique combination of analytics tools designed to help you navigate and optimise opportunities in an ever-changing market, making complex analytics simple for you. Our solutions help you react quicker to market developments in a demand-led, price-sensitive global marketplace, enabling you to:
- Spot opportunities and minimise risk
- Shape future strategy
- Maintain a competitive advantage
- Supplement your in-house analytics

Supply & Demand Database
Receive an end-to-end perspectives across the global petrochemical supply chain for over 100 petrochemical commodities. Data include import and export volumes, consumption, plant capacities, production and product trade flows – from 1978 up to 2040, providing you with a long-term view of the rapidly changing petrochemical market. The database enables you to:
- Determine the local or regional scenario in a global context to support your planning
- Identify, evaluate and optimise opportunities
- Validate commercial and growth strategies
- Identify and manage financial or investment risks

Industry News
Our extensive global network of local experts report breaking news stories that impact chemical markets, influence commodity prices, and affect your daily business decisions. Alerts and our one-stop platform keep you fully informed and support your planning, with access to:
- Real-time news round-the-clock
- Market analysis and the likely impact on your markets
- Production news and force majeures
