The C.A.D. "Family Focus" programme is a series of six two hour sessions which provides participants with an opportunity to:

- ◆ Update information on drugs and their effects
- ◆ Explore attitudes, beliefs and decisions related to drug misuse
- ◆ Develop a family-orientated drug prevention strategy

What Parents Say

" It gave me a lot of information to talk over with my teen"

(past participant, parent of 1st year student)

" A very worthwhile experience. Hugely useful information & practical approach to help deal with kids and the drug minefield they may face"

(past participant, parent of 3rd year student)
