- JavaScript developer who needs to understand Vue quickly
- Front-end developer who understands the basic concepts of Vue and wants to become a senior developers
- Backend developer who wants to jump into Vue world
- Comfortable writing JavaScript async code and using spread/rest operators
- Junior developer who wants to advance his or her career

Arrival

The bootcamp starts on Monday. But it would be great if you could arrive on Saturday and join us for a full-day trip of Gran Canaria on Sunday.

You will touch down at the Grand Canaria Airport located 27 km south from Las Palmas.

Getting to Las Palmas

The easiest way to get to your apartment is by taxi. It costs around €35 and takes more or less 30 minutes.

To get to the taxi rank, simply turn right after getting out of the airport building. The official airport taxis will be waiting for you there.

You can also take a bus (€3) that goes to Las Palmas (**Santa Catalina** bus stop). Tickets can be purchased from the bus driver. The journey takes around 45 minutes.

Bus schedule: First departure: 06:15 / Last three departures: 21:15 pm, 22:15 pm and 23:15 pm. From 06:15 to 20:15: two buses an hour (06:15, 06:45, 7:15, etc).

Accommodation

Las Palmas has a lot of hotels and airbnb apartments to offer. When choosing your accommodation, bear in mind that you will be going back and forth between your place and Soppa de Azul, our co-working space, quite often during the day. That's why it's best to stay within a 10-minute walking distance from Soppa.

To put things in context, when you look at the map, on the left hand side you will see a 4 km long Las Canteras beach. It takes around 35-40 minutes to walk from one end to another.

Here are a few nearby hotels recommended by our past participants:

- NH Las Palmas Playa las Canteras
- Hotel Aloe Canteras
- NH Imperial Playa
- Sercotel Hotel Cristina Las Palmas
- Hotel Boutique Bedandchic

Saturday & Sunday

Saturday - Arrival

Sunday, 9:00 - 18:00 - Full-day Trip

We will drive high into the mountains. It can be chilly up there so don't forget to take a jumper with you. We will go on a 2-hour long hike to the highest point of the island (almost 2000 m).

You don't need any special shoes for the hike.

Around 13:00, we will take a lunch break and later on we will drive down south to the sand dunes of Maspalomas.

Sunday, 20:00 - Welcome Drinks

In the evening, we will meet at Mercado del Puerto for welcome drinks.

Monday

9:00 - 16:30 - Training

We will meet at Soppa de Azul at 9:00. If you want to grab a coffee or explore the place, arrive 15 minutes early.

Around 13:00, we will take a 45 minutes break for lunch. After that, classes will continue until 16:30.

16:30-19:00 - Surfing

We are all beginners, water is shallow and warm, and it's a lot of fun. And we will have great instructors!

Don't forget your towel and swimming trunks when leaving your apartments in the morning. **You will NOT have time to go back to your hotel.**

At 16:30, we will jump into taxis that will take us to the other side of the beach. At the surf school, you will get a wetsuit, a surf board and an instructor. The surf school has lockers but it's better to leave your valuables at home.

Important: If you want to join surfing classes, you need to have an appropriate insurance that covers such sports activity.

Tuesday

9:00 - 18:00 - Training

You know the drill, by now. The class starts at 9:00 sharp and continues until 18:00. At 13:00, we have a 1-hour break.

19:00 - Power Yoga

Yes, Power Yoga is optional. But who knows, you may enjoy it as much as all the previous participants!

Wednesday

9:00 - 16:30 - Training

We hope you are feeling energised after yesterday's yoga class.

Grab a cup of coffee and let's dive even deeper into Vue!

16:30 - 19:00 - Surfing

The waves are different every day. Today, you should see more progress. You will finish the day exhausted but happy.

Now is the time to relax in one of the beachfront restaurants.

Thursday

9:00 - 17:30 - Training

Take a sip of coffee, listen, learn, and code. Repeat.

17:30 - 18:30 - Choose your Team

Now it's time to come up with project ideas, pitch them to others, and get into teams before the Hackathon. These are the steps:

- Present your idea
- Vote on the best ideas
- Choose your team

20:00 - 22:00 - Tapas Night

Every Thursday, one of the Old Town streets transforms into the Tapas Street with a great selection of tapas, pinchos (a fancy name for things on bread) and drinks. We will go there for great tasting experience.

You can either walk there from your hotel (1 hour) or get there by taxi (10 minutes, €8).

Friday

9:00 - 22:00 - Hackathon

Today and on Saturday, you will turn your ideas into fully-fledged web-applications together with your team. You will have time until 15:30 on Sunday.

Here are our guidelines for the next two days:

- Focus on functionality
- Define team roles: who's working on what
- Remember: Premature optimization is the root of all evil!
- Don't over-engineer
- Take small steps to see progress and stay motivated
- Done is better than perfect
- Don't make dramatic changes 5 minutes before the demo

Good luck!

Saturday

9:00 - 15:30 - Hackathon

Put the finishing touches on your application and prepare for the presentation.

15:30 - 16:30 - Presentations

This is your time to shine. Show us what your team has accomplished.

16:30 - 18:00 - Surfing

After a very intensive week it's time to relax. Let's jump on a surf board again!

20:00 - 22:00 - Farewell drinks

You made it! After a week of hard work you are an Vue expert now!
