How it works (Basic plan)

Login & Password

The image shows a screenshot of the CoinMarketCal Admin login page. At the top, there is a blue icon of a coin with an upward arrow. Below the icon, the text "CoinMarketCal Admin" is displayed. The login form is titled "Authentication" and contains two input fields: "Username" with a user icon and "Password" with a lock icon. Below the password field, there is a checkbox labeled "Remember me" and a blue "Log in" button. At the bottom left of the form, there is a link that says "Forgot your password?".

1. Request your login and password from an official email address at admin@coinmarketcal.com
2. Go to coinmarketcal.com/admin
3. Enter your login and password

New verified event

The screenshot shows the 'Event Create' form in the CoinMarketCal Admin interface. The form includes the following fields and options:

- Categories ***: A text input field.
- Coins ***: A text input field.
- Title ***: A text input field with a note '(25 characters max)'.
- Description**: A text input field with a note '(140 characters max)'.
- Source**: A text input field.
- Date Type ***: A dropdown menu currently set to 'Full date'.
- Date**: A date input field with a calendar icon.
- End Date (if it lasts more than one day)**: A date input field with a calendar icon.
- ☐ **Or earlier (if it can occur before the date stated)**
- 👉 This will negatively impact the hot and significant indexes, use only if no firm date is available.
- Proof ***: A section with a 'Choose File' button and the text 'No file chosen'.

At the bottom of the form, there are two buttons: 'Create' (green) and 'Publish immediately' (blue), separated by the word 'or'.

- Your events are reviewed in priority (up to 24 hours)
- Please make sure your events follow our guidelines:
 - Maximum of 1 category, unless necessary
 - Well-written titles and descriptions
 - When updating the date, update the proof/source
 - Date must be visible in the proof/source
 - Legitimate and publicly available proof/source
- Main reasons why events are not published:
 - Weak proof/source (not dated, not public, too vague...)
 - Not significant enough or too generic
 - Duplicate
 - Marketing
 - Overly recurrent

Edit event

The screenshot displays the 'CoinMarketCal Admin' interface. On the left is a dark sidebar with navigation links: 'Event', 'Coin', and 'User'. The main content area is titled 'Edit "Event sent by community"' and contains the following fields:

- Categories ***: A dropdown menu with 'Release' selected.
- Coins ***: A dropdown menu with '01coin (ZOC)' selected, with a link to '01coin (ZOC)' below it.
- Title ***: A text input field containing 'Event sent by community', with a '(25 characters max)' limit note.
- Description**: A text input field containing 'Amazing description.', with a '(140 characters max)' limit note.
- Source**: An empty text input field.
- Date Type ***: A dropdown menu with 'Full date' selected.
- Date**: A date input field showing 'Jul 14, 2023' with a calendar icon.
- End Date (if it lasts more than one day)**: An empty date input field with a calendar icon.
- ☐ **Or earlier (if it can occur before the date stated)**
- ⚠ This will negatively impact the hot and significant indexes, use only if no firm date is available.
- Proof**: A 'Choose File' button and the text 'No file chosen'.

At the bottom of the form are three buttons: 'Edit' (green), 'Publish' (green), and 'Delete' (red).

- Edit → Update the event
- Publish → Publish an event submitted by the community
- Confirm → The event will be labelled as “Confirmed by official representatives”, making it more trustworthy and more visible
- Delete → Use this feature with caution and consider editing the event instead (especially if the event is already published)
