Notice of utilities works on Station Road

April 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

As part of HS2’s continued programme of utilities works in your local area, Fusion will be carrying out Thames Water main replacement and diversion works in Quainton, in advance of gas diversion works required by National Grid and Southern Gas Networks.

What we will be doing?

We will divert a section of existing Thames Water main water pipeline which needs to be replaced to allow follow on works by National Grid (NG) and Southern Gas Networks (SGN). We will be replacing water piping and upgrading this with new plastic pipe material to prevent damage from the NG and SGN gas diversion. Our work involves excavating and removing a 150-metre section of existing mains water pipeline and replacing it with a new pipe. We will reinstate the area once all works are complete.

How this will affect me?

There will be no road closures or traffic management on Station Road as the works will be carried out in the adjacent field.

Works will start on Friday 19th April 2019 and last for 10 weeks. We will make every effort to minimise the duration of our works by carrying out these works during weekend periods. There will be very little noise during these works as work will take place in the field behind a hedge line, excavating in soft ground.

There will be weekend working from Saturday 20th April – 26th May, consent has been agreed by the local authority.

Working hours

Monday to Friday 8am - 6pm
Saturdays and Sundays 8am - 4pm

We will need to work overnight for two nights in a row to make the final water main connection, but we will let you know about this in advance via Quainton Parish Council and on www.hs2inbucksandox.co.uk

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434

Duration of works

The works will start on Friday 19th April 2019 and will last for 10 weeks.

Normal working hours:
Monday to Friday 8am-6pm.
Saturday and Sunday 8am – 4pm.
There will be an hour quiet set up and shut down time either side of these times.

We will need to work overnight for two nights in a row to make the final water main connection, but we will let you know about this in advance via Quainton Parish Council and on www.hs2inbucksandox.co.uk

What to expect

Station Road will remain fully open throughout the works.

What we will do

Work hard to ensure any impacts on residents are kept to a minimum during these works.
Take care to respect your community and the environment.

Keeping you informed

We are committed to keeping you informed about work HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner
The Residents’ Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2
route.www.gov.uk/government/publications/hs2-residents-charter
We also have an independent Residents’ Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
www.gov.uk/government/collections/hs2-ltd-residents-commissioner . You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner
The Construction Commissioner’s role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact
ConstructionCommissioner by emailing:
complaints@hs2-cc.org.uk

Property and compensation
You can find out all about HS2 and properties along the line of route by visiting:
www.gov.uk/government/collections/hs2-property Find out if you’re eligible for compensation at:
www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account
If you are unhappy for any reason you can make a complaint via the helpline. For more details on our complaints process, please visit our website:
www.hs2.org.uk/how-to-complain

About our Community and Business Funds
We are offering two funds that are available to local communities and businesses between Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).
The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.
The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
For more information about each of these funds, including how to apply, please visit:
https://www.groundwork.org.uk/hs2funds

About our Commonplace websites
The planning and construction of HS2 is a huge operation – it is currently the largest infrastructure project in Europe.
It’s important to us that you are kept up to date about the progress of the Project and any work that may impact you or your community. We have a series of community-focused websites where you can find out what is happening in your local area and sign up for updates about our activities.
Our Commonplace sites currently serve Birmingham, Bucks and Oxfordshire, Cheshire, Euston and Camden, Hertfordshire, Hillingdon, Northamptonshire, Old Oak, Solihull, Staffordshire and Warwickshire. More sites are being prepared to serve other areas.
To find your local Commonplace website, visit:
https://hs2.commonplace.is/
