# Works around Euston Station

May 2019 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We are continuing preparatory works for HS2 in your area, this includes carrying out drainage surveys around Euston Station to assess the condition and layout of the drainage systems and installing a new electrical cable at the temporary taxi rank.

## Night time drainage survey works

From early to late June, night time drainage survey works will take place in the following locations:

- In the footpath at the junction of Euston Road and Melton Street from 5 to 14 June
- In the footpath in Euston Square Garden east from 11 to 14 June
- Euston Square Bus Station from 17 to 21 June

The drains will be surveyed using remote cameras and by staff entering chambers and sewers. Some drains may need high pressure jetting to clear debris and blockages and if this is needed it will take place during daytime working hours.

Traffic management including traffic and pedestrian diversion signs will be in place. There will be no disruption to utility services.

We will inform you of any changes to these dates via our website, please sign up to receive news alerts at: [www.hs2inCamden.co.uk](http://www.hs2inCamden.co.uk).

## Electrical cable installation

From 20 May we will be installing a new power connection in the footpath of Euston Square and in the temporary taxi rank during daytime working hours. There will be some limited deliveries during night time. The work will be completed by the end of August. This work will not affect the operation of the taxi rank and pedestrian access will be maintained with clear diversion signage in place. There will be limited noise from the excavation and reinstatement needed to carry out the work. There will be no disruption to power services.
