Notice of temporary road closures west side of Euston Station

May 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continuing preparatory works for HS2 in your area, this includes carrying out drainage surveys around Euston Station to assess the condition and layout of the drainage systems.

Temporary road closures in the area west of Euston Station

From 20 May to early June drainage surveys will be carried out in the locations set out below. Some short term temporary road closures and parking bay suspensions will be in place to allow the works to be carried out;

- Junction of Starcross Street and Cobourg Street from 20 to 23 May
- Stephenson Way during the weekend of 25 and 26 May
- Euston Street between Cobourg Street and North Gower Street on the weekend of 25 May
- Southwest junction of North Gower Street and Drummond Street adjacent to N209 North Gower Street from 3 to 5 June during night times only
- Junction of North Gower Street and Stevenson Way from 5 to 8 June during night time only with partial footpath closure
- Regnart Buildings from 20 to 23 May inside the existing site
- Junction of Cobourg & Drummond from 22 to 24 May, no footpath or lane closures will be needed

The footpaths will remain open. The drains will be surveyed using remote cameras and by staff entering chambers and sewers. Some drains may need high pressure jetting to clear debris and blockages, if needed this will take place during daytime working hours.

Traffic management including traffic and pedestrian diversion signs will be in place. There will be no disruption to utility services from these works. We will inform you of any changes to these dates via our website, please sign up to receive news alerts at www.hs2inCamden.co.uk.
