## Equipment delivery for ground investigations

Overnight on the 19 and 26 October, between 10.30pm and 8am we will also deliver machinery and equipment to the trackside near Granby Terrace Bridge. A crane will be installed to lift equipment onto the trackside, as shown in the map below.

This is to support ground investigation works that will take place during normal day time working hours between 21 October and 1 November for approximately one week.

Please see the map below which indicates the location of these works.
