Notice of works around Hampstead Road

February 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continuing preparatory works for HS2 in your area, this includes works in Regent's Park Estate and extension of the Granby Terrace Bridge to accommodate the new HS2 railway.

Footpath from Hampstead Road to Harrington Street

On 7 February Hampstead Road Open Space was permanently closed with access to Hampstead Road via Varndell Street. Works on a new footpath between Harrington Street and Hampstead Road will start on 25 February and will be completed by mid-March.

Survey works at Regent's Park Estate

Following possession of the Dales buildings in the Regent's Park Estate we will be undertaking surveys and ground investigations work to inform how we carry out the demolition of the buildings. The works will be within the hoarded off site area and require digging boreholes in eight locations. Works will be carried out from 27 February for two weeks, one day in each of the eight locations. The noisiest activity will be intermittent and not continuous. Where reasonably practicable we will use temporary acoustic screening to mitigate noise from these works. We will work as quickly as possible.

Granby Terrace Bridge condition survey

A survey will be carried out under Granby Terrace Bridge on the railway track from 10pm on Saturday 2 March to 12pm (noon) Sunday on 3 March.

The works are being carried out during the weekend as the survey area is located adjacent to operational railway tracks and access to the worksite can only be obtained during Network Rail's engineering hours.

To complete the inspection works, electric hand tools will be required with a small portable generator, which will be throttled down to a minimum during periods between works. We recognise the disturbance this work may create and apologise in advance.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
