## Update: Notice of ground investigations on Park Village East

April 2019 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. As part of developing the route design of the HS2 high-speed railway, we are carrying out further ground investigation works in your area. The results will build on the information we already have from work done in 2017, helping us get a better understanding of the ground conditions and underground building foundations.

### What we are doing

As you may be aware, we needed to reschedule the ground investigations planned on Park Village East earlier this year. The ground investigation surveys will take place from 15 April for up to four weeks. As before, the surveys will take place at five locations between 1 and 48 Park Village East. We will work at one site at a time to minimise disruption.

#### Key:

● Approximate location of the works

### Duration of works

From week starting 15 April for up to four weeks

Working hours are between 8am and 6pm, Mondays to Fridays and 8am to 1pm on Saturdays if needed

We may be on site for an hour before the start and/or end of each shift

As part of the testing activity, a generator might need to run during the works

### What to expect

Work will take place on the highway and pedestrian footway on the east side of Park Village East

Partial lane suspensions and footpath closures will be in place

Sites will be secured with barriers and acoustic screens to reduce noise

Drilling equipment and mobile units will be on site to support the works

### How this will affect you

The work will be on the highway and pedestrian footway on the east side of Park Village East, in front of the hoardings; temporary changes are listed in the panel to the right. We will keep you informed about any changes to these dates. Please visit [www.HS2inCamden.co.uk](http://www.HS2inCamden.co.uk) to sign up for news alerts for updates.
