

# Update - ground investigation work on King Henry's Road

January 2019 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

As part of developing the route design of the HS2 high-speed railway, we are carrying out further ground investigation works in your area. The results will build on the information we already have from the work done in 2017, helping us get a better understanding of the ground and underground building foundations.

## What are we doing?

Due to unforeseen circumstances, the ground investigation work near 6 King Henry's Road will continue until 8 February. We will dig and drill down into small sections of land to investigate the ground and the underground building foundations. The work will continue in the approximate area shown below.

## How will this affect you?

Four parking bays will remain suspended near 6 King Henry's Road to accommodate our site welfare unit until the works are completed. There will be some noise during the hours listed in the panel to the right; the site will be surrounded by protective barriers and acoustic screens to reduce this.

Due to the nature of the work, unforeseen circumstances may change the dates for the work. Please visit [www.HS2inCamden.co.uk](http://www.HS2inCamden.co.uk) to sign up for news alerts for updates.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**
