High Speed Two (HS2) is the new high speed railway for Britain.

To enable our early works, Chalfont Lane (A412 to Shire Lane) was closed on 27 November 2017 and will remain closed for the duration of our construction.

A diversion via Hornhill Road and a new link road will be available for you to use this winter.

**Why the closure is taking place?**
In June, overnight closures took place to allow us to undertake surveys prior to the construction of the new link road junction with Hornhill road. We are planning to make enhancements to Hornhill Road and need to close it to undertake further surveys to locate utilities and test the road surface and sub surface. This is so we can upgrade the road.

**Where the closure will be?**
Hornhill Road will be closed from its junction with The Hawthorns to the west of the M25 across to Shire Lane to the east of the M25. There will be a signed diversion route. Access to properties and businesses at the closure points will be maintained at all times.

**Date and times of closure**
The closure will be from Monday 15 October to Friday 26 October from 8pm in the evening through to 2am the following morning. No work will take place on Saturday 20 October or Sunday 21 October.

**Other works**
During October we are also improving the roundabout at the junction of Chalfont Lane and the A412. Works will last five days (weekday working). Two way traffic lights will in use so work can be done safely between 9.30am and 3pm. Chalfont Lane will also be closed between the A412 and Old Uxbridge Road with a diversion in place.
