## COLNE VALLEY VIADUCT AND CHILTERN TUNNEL SOUTH PORTAL

### We would like to invite you to an event about HS2

High Speed Two (HS2) is the new high speed railway for Britain. This event is an opportunity for you to find out more about the emerging design of the Colne Valley Viaduct and Chiltern Tunnel South Portal at an early stage, and what it may mean for the local area.

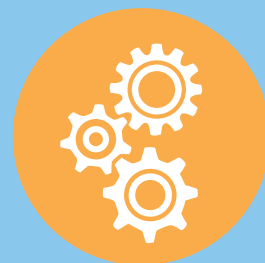

- Talk to our team about key design principles, sustainability, buildability, the environment and more
- Ask questions and explore the early design proposals in more detail

We will also be seeking your input on:

- Design of the viaduct
- Recreational use of the valley
- Landscape
- Operational noise barriers

See overleaf for times and venue
