Early Works Notification Kingsbury

January 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by a joint venture between Laing O'Rourke and Murphy & Sons known as LM.

We're creating a green corridor

LM will be working along Marston Lane, near to the junction of Kingsbury Road.

Over the coming months, we will be clearing vegetation and erecting fencing to define the HS2 route. Our works will help prepare for the creation of the 'Green Corridor' programme. The green corridor will consist of new wildlife surroundings, native woodlands and community spaces to help integrate the new railway line into the landscape and environment around it.

We're planned temporary traffic management

From early February to June, there will be times when we need to set up traffic management along Marston Lane and near the junction of Kingsbury Road.

This may include temporary lane closures, slip road closures and traffic signals (see map on next page). Our works have been designed to minimise disruption and maximise safety. When traffic signals are in place, these will operate Monday to Friday, 9:00 am to 3:00 pm. We may also work on Saturdays.

Our teams will be on site one hour before and one hour after the works to set up and secure the site at the end of the day.

Our works schedule is subject to change depending on site and weather conditions, however we'll keep you informed of any adjustments.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk

Notification

Duration of works

From early February to June 2019.

Working hours will be Monday to Friday, 8:00am to 5:00pm and 8:00am – 1:00 pm on Saturday.

What to expect

There will be temporary traffic management in the area.

There will be some low-level noise created by the works.

What we will do

Keep all sites safe and secure.

Ensure all traffic management and diversions are clearly signed and marked.

Ensure that contractor's vehicles use agreed routes.

Maintain access to properties.

Frequently Asked Questions

1) When hedgerows are removed, what will replace them?

Hedgerows will be retained wherever possible. LM are required to provide fencing when hedgerows are removed. Fencing will also be used to safely secure working areas and prevent any unauthorised access.

2) Why are you removing vegetation?

Some clearance works is needed to facilitate the construction of HS2. However, HS2 is committed to no net loss in biodiversity, which means that as a minimum, any trees removed will be replaced. Ancient woodland soils will be trans located to nearby areas where new woodlands will be planted and will grow for future generations. We have already planted trees, hedges and seeded grassland throughout the route to enhance biodiversity and we will continue to do so.

3) What will happen to the local wildlife?

LM has designed and are developing new wildlife environments for protected species across the route, including bat roosts, great crested newt ponds and new woodland.

4) Why are you starting vegetation clearance now, if the new railway line is not due to begin construction immediately after?

Our programme of works is driven around the ecological and environmental calendar to ensure we are considerate to local wildlife and the environment. The winter provides us with a natural timeframe to translocate and remove vegetation with minimal impact on local species and ecosystems.

For more information about how we are supporting local wildlife and the environment, visit:

HS2

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting: www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at: www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint via the helpline. For more details on our complaints process, please visit our website: www.hs2.org.uk/how-to-complain
