## Notice of survey works at Coleshill Embankment

January 2019 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Western Power Distribution (WPD) has been asked to support preparations for the construction of the railway. As a part of this work, WPD will be undertaking surveys in the local area.

### Surveys taking place

From 23 to 27th January 2019 we will be carrying out surveys adjacent to the M42 near the Birmingham Road as it passes through Coleshill.

These surveys will involve the drilling of bore holes to a depth of 10m by a small team, no larger than five people, using specialised machinery to carry out the works. There will also be hand excavated trial pits, dug to a depth of 1.2m by a team of two people.

The surveys will guide future work in the area. This is necessary to plan the future removal of an existing 132kV overhead cable and replacing this with an underground cable.

The survey work will last approximately five days and will move across the highlighted area of the map overleaf.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

## About our Commonplace websites

The planning and construction of HS2 is a huge operation – it is currently the largest infrastructure project in Europe.

It's important to us that you are kept up to date about the progress of the Project and any work that may impact you or your community. We have a series of community-focused websites where you can find out what is happening in your local area and sign up for updates about our activities.

Our Commonplace sites currently serve Birmingham, Bucks and Oxfordshire, Cheshire, Euston and Camden, Hertfordshire, Hillingdon, Northamptonshire, Old Oak, Solihull, Staffordshire and Warwickshire. More sites are being prepared to serve other areas.
