Long Itchington Wood Tunnel utilities – phase 3

June 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high-speed railway for Britain. Initial works have now started and are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

We will be continuing our works to install utilities from the electricity substation near Harbury to the tunnel compound entrance.

Phase 1 is complete. **Phase 2** working hours have been extended to include weekends to ensure that works are completed, to **start Phase 3 on 10 July. The work is along the Ufton Road from Harbury to the A425 junction.** We have extended the working hours on this phase to address local concerns. The road will be closed for up to 6 weeks. Access will be maintained for all households and businesses along the route. A clearly signed local diversion will be in place. Further information is available at www.hs2inwarwickshire.co.uk.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
