Temporary traffic lights on Ashow Road

July 2019 | www.hs2.org.uk

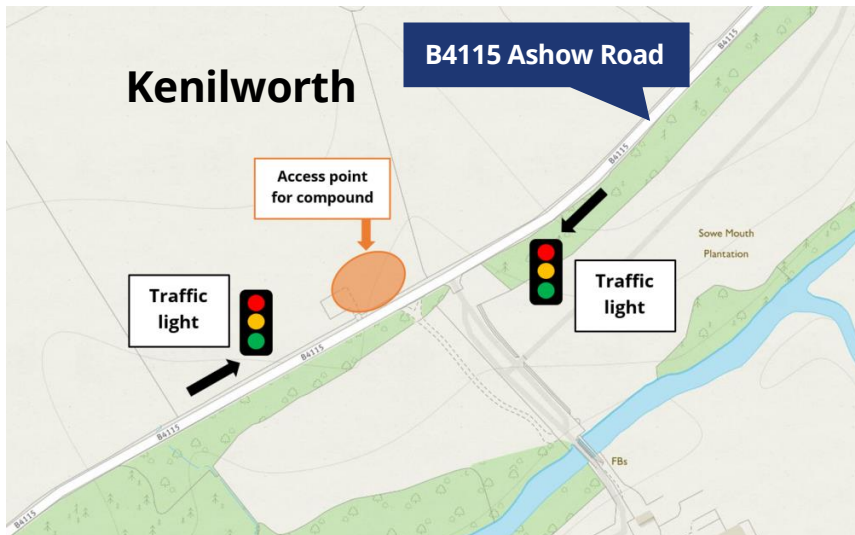

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are now underway in your area, and are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

LM will be using two-way traffic lights on Ashow Road in the Ashow and Kenilworth area to create a safe zone for accessing an HS2 worksite between the B4115 and the A46.

The traffic lights will be in place for up to eight weeks (subject to site and weather conditions), in the area shown on the below map, until a new access point is formed by LM.

Ashow Road will not be closed – it will remain open – with traffic signals guiding cars and lorries through this section of the road. The lights will be in operation during our working hours, and will be lifted from the road when we're not at work.

Lights and signs in this area will help us enter and exit the access point coloured orange on the map, enabling construction of a temporary compound for HS2. The compound will support the safe delivery of early and main works for the railway.
