On May 22nd vote YES for Marriage Equality

- Marriage is the secure foundation on which society thrives. Share the freedom to marry by voting YES.
- This is a vote about people that we know; our family members, friends, neighbours and colleagues. It's a vote for family values.
- A YES vote confirms Irish values of inclusion, fairness and equality.
- The Constitutional status of marriage will remain unchanged after the referendum. The independent Referendum Commission has confirmed this fact.
- The referendum on marriage equality is about extending civil marriage equality – giving equal rights to all citizens.
- This referendum concerns civil marriage in a registry office, not religious marriage. Churches will not be affected in any way.

Yes Equality is a nationwide campaign working to deliver a 'Yes' vote in the upcoming Marriage Equality Referendum. Please visit www.yesequality.ie or call (01) 7030412 for more information, to donate or to volunteer with the campaign.
