Dear Arthur,

Kieran Rose gave me a copy of your Trust Proposals. I was so impressed that I immediately wrote the enclosed cheque. I would also like to wish you all every success in the Venture.

There are also some practical things I can do to get more money for the project. My personal target is to get £500. We have a resource on GAY Switchboard. We could Run a Pub Quiz which would raise £200 and since Tony Galvin is my Co-Director he can tap into other Corconians etc. I need to talk to you about this, but at this point I can assure you of my full support.

Best regards

Don
