About EF Class

We are dedicated to understanding the needs of teachers and students.

EF Class has been designed, tested, and perfected where it matters most—in the classroom. Over the course of three years, we have worked with teachers, students, and principals to craft the way EF Class supports learning and teaching. As all classrooms are unique, we've visited, observed, and learned from a wide variety of Swedish public and charter schools in large cities and small towns.

EF Class makes teaching and learning more effective by enabling everyone in the classroom to participate.

About EF Education First

EF Education First is the world's leading international education company.

With more than 50 years of experience and 500 EF schools and offices in 53 countries, we have been focused on how to improve the way teachers teach and students learn. We were the first to team up with Apple Computer to explore computer-aided classroom learning.

Our deep experience in traditional classroom teaching and our dedication to finding fundamentally better ways of learning has allowed us to bring you EF Class—bringing the power of digital learning to the physical classroom.
