

The **Association of Hungarian Women in Science** invites you to attend the
**WOMEN IN INDUSTRIAL RESEARCH AND
ENGINEERING**

international conference.

The conference aims to showcase the situation of women in companies committed to research, development and innovation. Moreover, it attempts to show the importance of gender perspective in industrial R&D. The conference gives also place to companies to present their measures introduced to achieve gender equality.

The conference will be the kick-off event of the first Hungarian

Girls Day

which aims to open up new career possibilities for young girls in the field of science and engineering.

Date:

Wednesday, 25 April, 2012 from 9:00 to 13:30

Conference venue:

University of Óbuda

Room F09, 96/B Bécsi út, Budapest – Hungary

Participation is free of charge. The number of places is limited and the *first come, first served* rule will be used.

Registration: complete the attached registration form and return it by email to the Conference Secretariat (fanni.szigeti@nokatud.hu) **until 22 April 2012.** The conference language is Hungarian and English, with simultaneous translation.

For any additional queries **contact the Conference Secretariat** at fanni.szigeti@nokatud.hu
