- These instructions are to assist the installation of the AU-HB100B, AU-HB150B & AU-HB200B
- Surface mounting bracket AU-HBMB is available separately.

INSTALLATION INSTRUCTIONS

Always switch off the electricity supply at the distribution board before installation and maintenance

1. Select the required position for the luminaire and take power to that point. Ensure the fixings are suitable to withstand the weight of this product.
2. The high bays are supplied with an eye bolt for suspended installation. Installation cable/chain is not included.
3. Locate the luminaire to the mounting point
4. This luminaire is pre-wired with a 3m three core cable for connection to the main supply and terminated into a suitable junction box;
Mains supply LIVE – to Luminaire Live (Brown)
Mains supply NEUTRAL – to Luminaire Neutral (Blue)

Mains supply EARTH – to Luminaire Earth (Green/Yellow) 
5. For 1-10V dimming:
Connect the +ve from the dimmer circuit to the High Bay LED Driver +ve (Blue)
Connect the -ve from the dimmer circuit to the High Bay LED Driver -ve (White)
If dimming is not required leave the High Bay dimming wiring unconnected.
6. Ensure there are no exposed conductors, loose strands or trapped insulation.
7. Switch on the power supply.

Environmental Protection (W.E.E.E.) – Aurora’s WEEE Reg.No. WEE/BG0130YX (UK Only)

Waste Electrical & Electronic Equipment Regulations (WEEE) requires that any of our products showing this marking (left) must not be disposed of with other household or commercial waste. Aurora does not levy any WEEE disposal charges to its customers for affected WEEE related products. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate any such product from other waste types and recycle it responsibly at your local facilities. Check with your Local Authority, Recycling Centre or retailer for recycling advice. If, when you purchased any Aurora product, your supplier included a WEEE disposal fee, you should then contact your supplier for advice on his takeback of the product for the correct disposal.

Warranty

See www.auroralighting.com for full details of warranties and Extended Warranty Terms and Conditions. The warranty is invalid in the case of improper use, tampering, and removal of the Q.C. date label, installation in an improper working environment or installation not according to the current edition of the National Wiring Regulations. Should this product fail during the warranty period it will be replaced free of charge, this is subject to correct installation and return of the faulty product. Aurora does not accept responsibility for any installation costs associated with the replacement of this product. This warranty is in addition to the statutory rights in your country of purchase. Aurora reserves the right to alter specifications without prior notice.
