

**At chess24 we're building the chess platform
for chess players and everyone who wants to become one.**

With top German and international chess grandmasters, an investor with long-term ambitions and a team of IT professionals we're creating a state-of-the-art interactive experience for both recreational and experienced chess fans. How can you become part of it? As a

Community Management Intern (m/f)

you'll work in an interdisciplinary team and support everything connected to the chess24 community. You will

- support our content editors in social media and email marketing
- offer customer support through various channels
- write and translate news articles and other content
- support our team during live shows
- support our anticheat measures in the chess24 Playzone
- have a good knowledge of English

In return we offer you:

- the chance to take an active part in shaping our product
- the freedom to develop your own ideas
- unique insights into the chess world
- free meals
- subsidised participation in the HVV ProfiCard program (for using Hamburg's public transport network)

Simply send your completed application documents with your salary expectation and your earliest possible starting date to jobs@chess24.com

If you have any questions please get in touch with our recruiting team.

Telephone: +49-40-94780007

Email: jobs@chess24.com

We look forward to meeting you!
