

(Senior) Web Application Developer (m/w)

Development | Full-Time | Hamburg

At chess24 we're building the chess platform for chess players and everyone who wants to become one.

With top German and international chess grandmasters, an investor with long-term ambitions and we as a team of IT professionals creating a state-of-the-art interactive experience for both recreational and experienced chess fans. As a **Web Application Developer (m/w)** you will work in an interdisciplinary agile team and support us in all areas of chess24 web development.

Your responsibilities:

- Develop the existing homepage further taking on front-end (HTML5, CSS3, SASS) and back-end development (JavaScript/Node.js or PHP)
- Leave impact marks by developing and designing innovative services'
- Create high-quality and scalable solutions
- Work in a small development team and cooperate with cross functional colleagues

Your profile:

- You offer outstanding knowledge regarding object-oriented programming in PHP or JavaScript/Node.js using MySQL and CouchDB/MongoDB
- Ideally you bring Redis, Elasticsearch and socket.io experiences, but that is NO must.
- You have basic knowledge of HTML5, CSS and SASS
- You keep track on the latest trends within the IT scene and you have a broad knowledge about modern development methods as well as instruments
- You have strong analytical mindset and bring communication skills. An achievement motivation and the ability to work in a team are only a few of your strengths
- Being overall awesome is a plus

Chess24 offers:

- A unique job in an innovation-friendly company within an inspiring and flourishing environment
- A company with high potential to grow and lots of creative ideas
- A motivating and open-minded atmosphere in a dedicated team with a flat hierarchy
- Challenging tasks in one of the most exciting, fast growing e-Edutainment Start-Ups within Germany, Hamburg
- An attractive and innovative product that thrills Chess-Players

Just forward us your complete application documents including your salary expectation and earliest possible starting date to jobs@chess24.com
