SUSHIWAY
SUSHI & MORE

Sushi is a Japanese food consisting of cooked vinegared rice combined with other ingredients, seafood, vegetables & sometimes tropical fruits. Ingredients & forms of sushi presentation vary widely, but the ingredient which all sushi have in common is rice (also referred to as shari or sumeshi).

Sushi can be prepared with either brown or white rice. Sushi is often prepared with raw seafood, but some common varieties of sushi use cooked ingredients or are vegetarian. Raw fish (or occasionally other meat) sliced & served without rice is called "sashimi".

Sushi is often served with pickled ginger, wasabi, & soy sauce. Popular garnishes are often made using daikon.
