WHO IS DECADANCE TALENT?

Ever thought you are using the same marketing processes as everyone else to increase the awareness of your brand?

Maybe you have a new product or service launching, and you want to set yourself apart from the rest of your competition?

We are **Decadance Talent**, and we are a national DJ Agency specialising in helping companies create a real impact with their marketing, growing awareness and sales, through something everyone can connect to . . . Music!

We place DJ's into retail stores, shopping centres, corporate and promotional events. From the equipment and pop-up stalls, through to social media and branding, we love helping companies bring their campaigns to life through the range of services we provide.

WHY BOOK WITH US?

National Coverage - Because we cover the whole of the UK, it means we can place DJ's into all major UK cities, as well as providing simultaneous events should you need them, saving you money by using one agency, rather than booking through lots of different companies.

Professional DJ's - All our DJ's have a minimum of 8 years experience, and cover a range of music styles, including commercial and underground house.

Online Booking - Take the hassle out of arranging your event(s), and keep track of all your event details throughout the process, by using our easy booking system, which allows you to login and keep track through your own online profile.

24/7 Support - Get support from a team with over 50 years combined events experience, on hand to work alongside your existing marketing teams or external agencies, tailoring your event to suit your needs. You will also receive a 24-hour client careline for those out of hour emergencies to put your mind at ease.

OH AND BY THE WAY . . .

We have our creative media team, who are on hand to help you with a range of added services. Should you want to save money by bringing everything in-house. We also work alongside existing teams and agencies. Check out more by visiting decadancegroup.com
