WET / DRY VACUUM CLEANERS

P81/2 WD

WET/DRY VACUUM CLEANER

The professional Dry/Wet-vacuum P81/2 satisfies through the newest technology, enormous performance ability and a large container volume of 80 liters. Low noise generation, only 76 db (A). Suitable for daily intensive use and large surfaces. Ideal for contractors, facilities and maintenance services and the food service industry.

- Waste-water release hose (elbow-bend hose) for the convenient emptying of the container. code: 3.8023.104014
- Patent-pending Water Separation System: Additional filter materials are no longer needed.
- Wear-resistant PLASTIC CONTAINER and ROBUST UNDERCARRIAGE
- Equipped with 2 stable metal swivel castors and 2 rubber-coated wheels
- Unique, LOCKABLE cable hook
- SWITCH on the face of the machine lets you choose between Economy and Turbo settings.
- PREFORMANCE REGULATOR on the machine

1. BLOWER FUNCTION
2. Equipped with an easily removable filter cartridge on the exhaust side, upgradable to HEPA H12 (optional)

PUSH BAR and VACUUM TUBE made of stainless steel
STANDARD ACCESSORIES:

1. Dry floor nozzle code: 3.8023.109070
2. Wet floor nozzle code: 3.8023.109071
3. Furniture brush code: 3.8023.102017
4. Crevice nozzle code: 3.8023.102016

Fleece filter bag code: 3.8023.102031 (per 5 pieces)
Filter cartridge code: 3.8023.109058
Cyclone separator code: 3.8023.109057

TECHNICAL SPECIFICATIONS:

- 2 stainless steel suction tubes (0,5 m) - code: 3.8023.102018
- Equipped with an easily removable filter cartridge (class M) - code: 3.8023.10958
- Fleece filter bag (1 piece included) - code: 3.8023.101031 (per 5 pieces)
- 3m vacuum hose (code: 3.8023.102013)
- Hand grip - code: 3.8023.102058
- Complete storage of all accessories on the backside of the machine
