The market

M-commerce versus e-commerce

M-commerce advantages over e-commerce

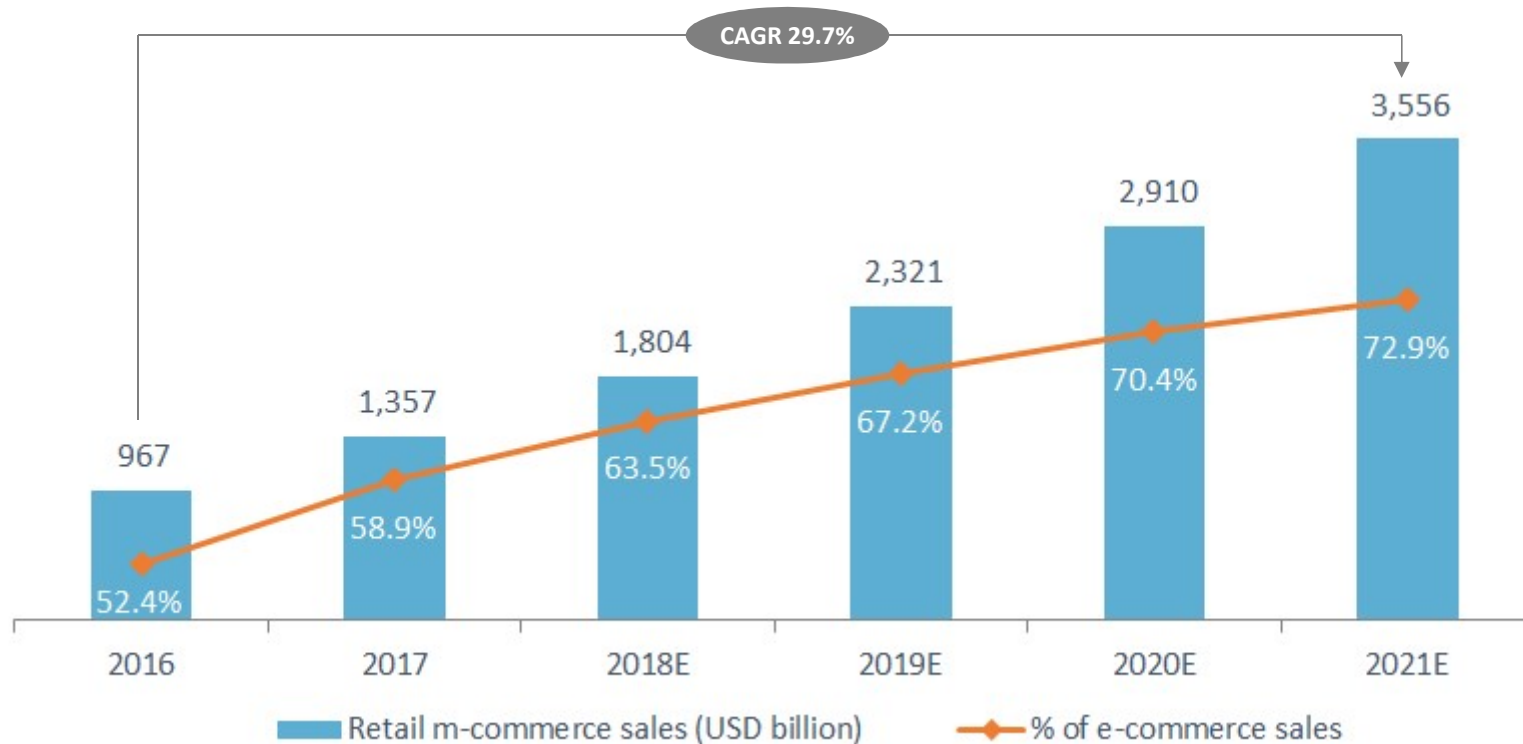

-  Instant targeted mobile offers based on consumer's actual location
-  More efficient customer engagement due to mobile push notifications versus e-commerce emails
-  Mobile offers better security measures such as fingerprints or face ID
-  Customers spend much more time on their phone than on PC

Consumer preference drivers for mobile apps in shopping

Source: <https://rubygarage.org/blog/mcommerce-vs-ecommerce>

M-commerce is growing rapidly worldwide

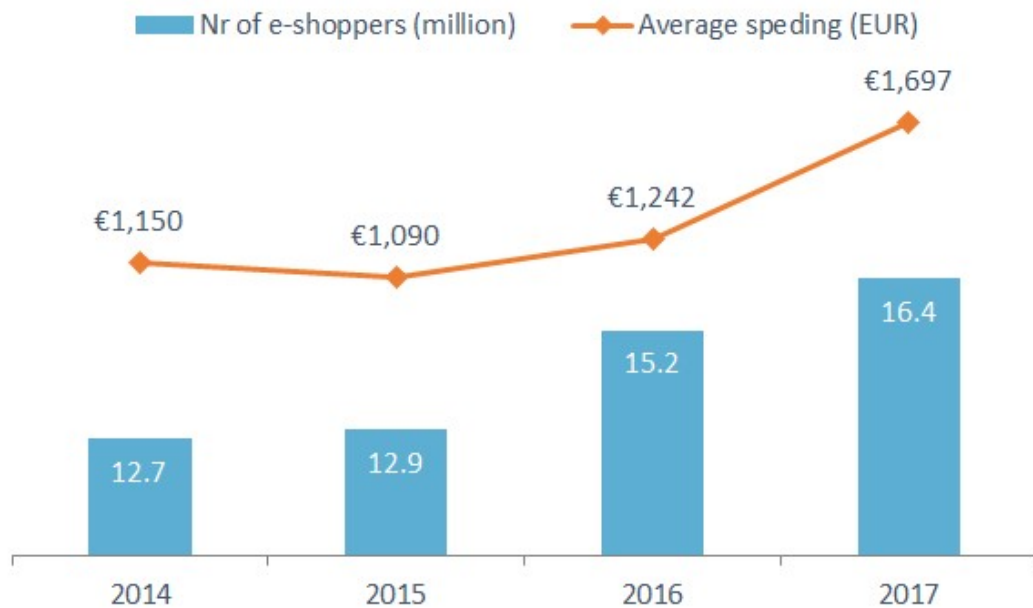

Source: eMarketer (January 2018)

E-commerce is any business that sells products or services on the internet

Mobile commerce is a subset of ecommerce, transactions that take place specifically on mobile devices

Ample room for growth in Dutch m-commerce

E-commerce: number of e-shoppers and average spending

Internet purchasing by device Q4-2017: 28% m-commerce

Ease2Pay is well positioned for m-commerce

Ease2Pay key differentiation factors

-  Focus on m-commerce possibilities, unlike peers who focus on traditional e-commerce
-  Platform combines loyalty programs and payment services
-  Ease2Pay can profit from continuing growth of m-commerce in the Netherlands

Peers active in the payments services sector

Targeted at markets fit for mobile with a synergy effect

Petrol stations

EUR 20 billion

Dutch petrol stations turnover in 2017
(10% comes from retail)

4.200

Petrol stations in NL

On street parking transactions in NL (2017)

EUR 180 million

Turnover on street parking apps in NL (2017)

Ease2pay has uniqueness and is ready to scale up

Petrol market

Service uniqueness

No other party able to use mobile for pump release and payment in NL. We are the sole party able to offer one app for both fueling and parking

Loyalty program distinction

No other party is able to integrate loyalty and payment in a single transaction for all (manned & unmanned) petrol stations

Parking market

Unbeatable price

Due to cost ineffective payment solution, all parking app competitors have to charge a fee per transaction or monthly subscription. Due to innovative wallet payment solution Ease2pay is the only free parking app: no transaction fee, no monthly subscription.

The service

Payment and loyalty in a single mobile transaction

Apps combining payment and loyalty in one transaction that...

...offers a cheap alternative for merchants since it requires no Point-of-Sale hardware

Obtained necessary waivers and certificates

- ✓ Payment Service Provider¹ and E-Money Institution²
- ✓ Certificate for iDeal and e-mandate

No Point-of-Sale hardware needed

- ✓ Application runs on the mobile phone of the customer
- ✓ No expensive hardware required

Ease2pay is registered with the Dutch Central Bank (DNB) as an **exempted Payment Service Provider (PSP)**, and as such not under supervision of the DNB. If the total amount of monthly payments exceeds EUR 3m, Ease2pay will migrate to licensed PSP under supervision of the DNB

Ease2pay is registered with the Dutch Central Bank (DNB) as an **exempted E-Money Institution (EGI)**, and as such not under supervision of the DNB. If the total amount of outstanding liabilities of the EGI exceeds EUR 5m or wallet accounts surmount EUR 150 or deploy wallet in other EU-countries, Ease2pay will migrate to licensed EGI under supervision of the DNB

Mobile integration

M-commerce potential in fuel payments

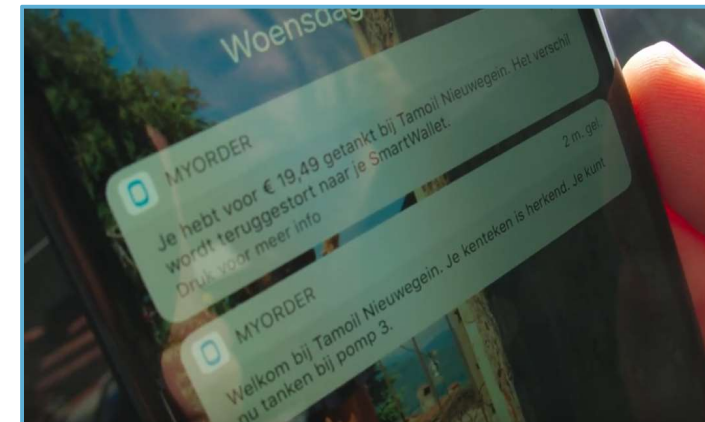

Mobile payment of fuel through license plate recognition is the next step in the petrol sector. Unlocking the possibilities of “Big Brother” technology at petrol stations with the aim of achieving the simplest possible way of refueling for the consumer

1 Customer starts filling petrol at a registered station

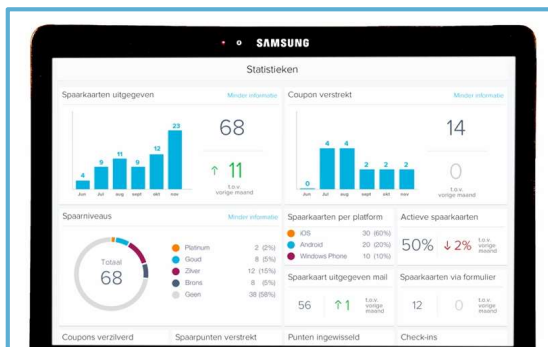

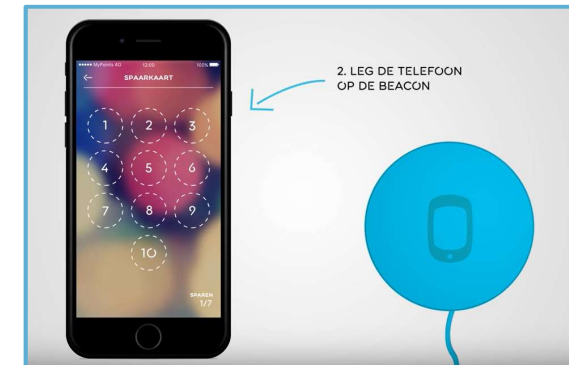

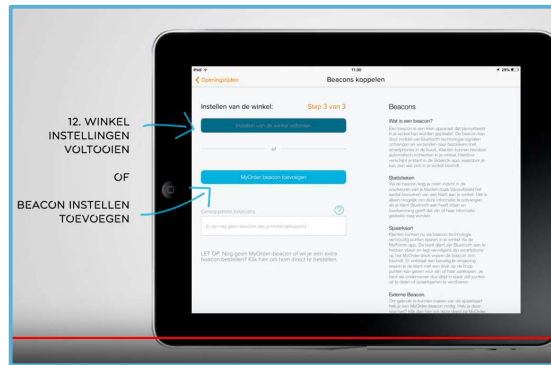

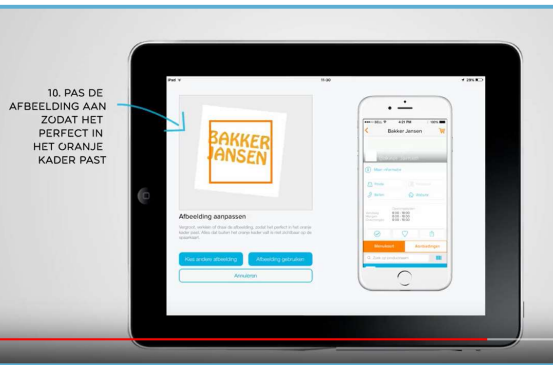

2 License plate is recognized and recorded in the system

3 Order is completed and submitted to customer via app

Loyalty platform Sidekick: tailored for m-commerce

With the Sidekick app, you as a retailer offer your customers your own mobile savings card. Within 1 minute you can create your own store in the Sidekick app. Creating your loyalty app connected with beacon technology and dashboard
