

# CAN YOU HELP INSPIRE THE NEXT GENERATION OF CODERS?

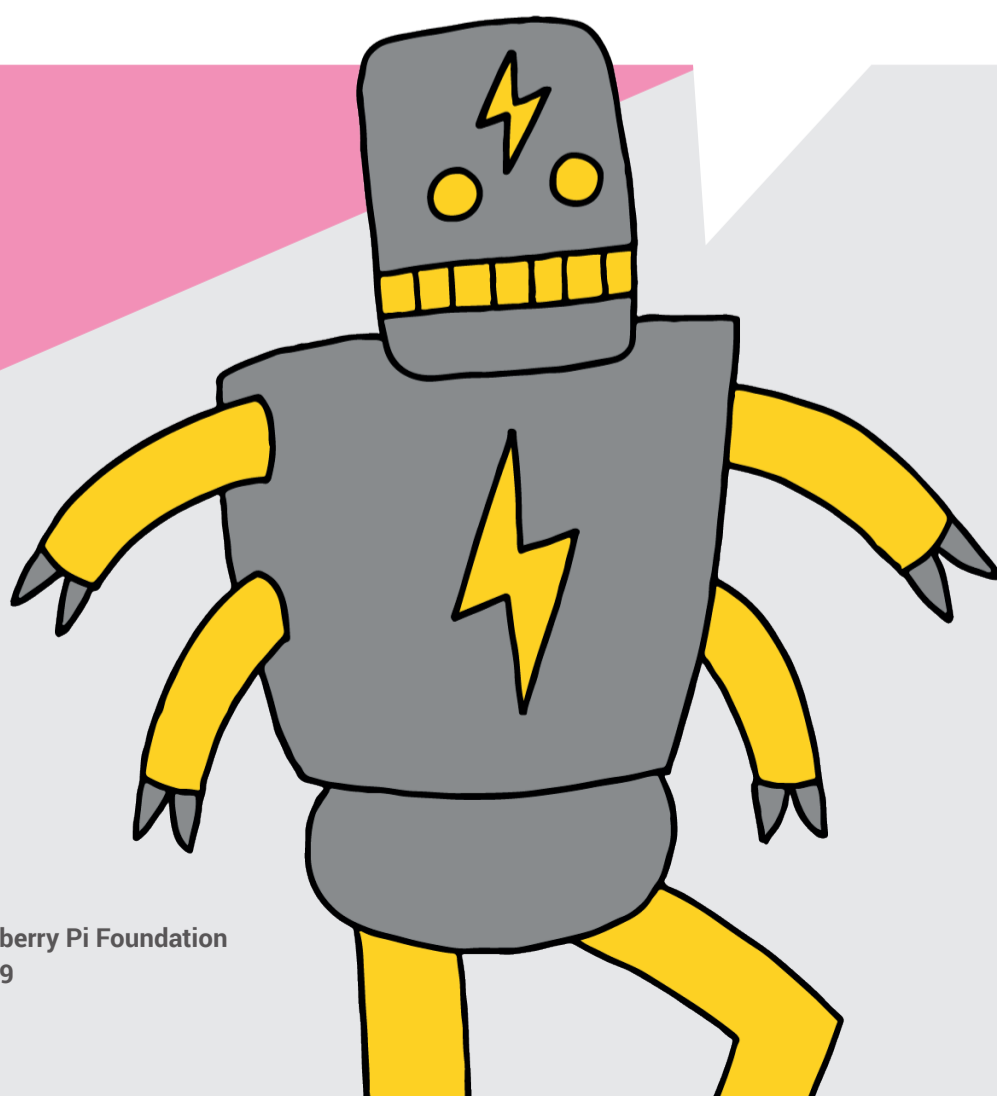

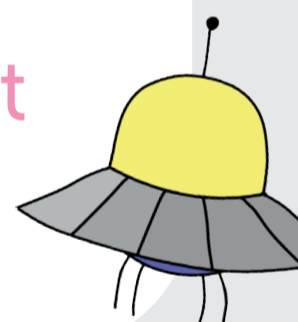

Code Club is a nationwide network of volunteers and educators running free coding clubs for young people aged 9 - 13.

We're always looking for people with coding skills who would like to volunteer to run a club at their local school, library or community centre

- It only takes one hour per week
- You can volunteer solo, or team up with friends or colleagues
- Someone from the venue will be there to support you
- We provide all the materials you'll need

So join us in getting young people excited about digital making!

If you're interested in helping, get in touch with:
