

RUSSIA DUAL RETURN FUND

LONG ONLY USD DENOMINATED

RUSSIAN & GLOBAL EQUITIES

August 2016

Fund Description

Russia Dual Return Ltd is an investment fund registered in the British Virgin Islands. It is a Professional Fund as defined by the Securities and Investment Business Act, 2010 (SIBA).

The investment objective is to achieve capital appreciation in US dollar terms by investing primarily in US dollar-denominated equities of Russian companies (both locally traded and in the form of depositary receipts) and to a lesser extent in companies of CIS countries. The Fund aims to outperform the benchmark index (the RTS Index) in the long term.

The Fund uses a "long only" actively managed strategy, deriving returns from growth and value investing as well as arbitrage and short-term speculative strategies.

The value of investments in the Fund may increase or decrease, the results of past investment performance are not indicative of future returns. Before buying shares of Russia Dual Return Fund, investors should carefully review the Fund rules (Offering Memorandum) and statutory documents (Memorandum and Articles of Association), including all relevant annexes to the documents. Please contact your account manager to obtain more information on the Fund and copies of the Fund's rules and constituent documents.

Manager Commentary

Global emerging markets continued to rise in August thanks to speculative capital inflows, benefiting the Russian market. Developed markets were also in good shape. We used the prolonged rally to make profits on some portfolio positions and raise levels of free cash. But we are still cautious about global markets in the medium term and our position remains fairly defensive.

We sold shares of Twitter Inc. and GDRs of X5 Retail Group in August.

Industry Breakdown
