Your smile matters

Benefits of PEEK:

- **Natural Aesthetics** - No colour contrast ensures these look more natural in the mouth.
- **Accuracy** - As designed and manufactured using CAD (computer aided design) the restorations are more accurate and follow the shape of your mouth.
- **Strength** - It has a high strength to weight ratio whilst retaining flexibility.

Looking After Your Smile

- Brush twice a day
- Floss regularly
- Visit your Dentist every six months
