

VOGUE

Digital Platform Scale

Instruction manual

**Model:
FS488**

Features:

- Indicates the volume of milk and water
- Converts between metric and imperial measurements, for both weight and volume
- Low battery power / Overload indication
- High precision strain gauge sensor
- Zero and tare function
- Auto shut-off
- Increment: 1g / 0.1oz
- Maximum load capacity: 10kg / 22lb

To install or replace batteries

1. Remove the battery compartment cover (on the bottom of the appliance).
2. Insert 3 x 1.5V AAA batteries (not supplied), and ensure to follow polarity markings on the battery compartment. Re-locate the battery compartment cover.
3. Position the appliance on a flat stable surface.

Note: It is important that the scale is level to ensure accuracy.

Screen:

Button function

Press to convert Mode/Unit in the sequence as below:

Weight mode (g) → Water volume mode (ml) → Milk volume mode (ml) →
Weight mode (lb:oz) → Water volume mode (fl'oz) → Milk volume mode (fl'oz)

Zero / Tare

To Start Weighing:

Weighing mode

1. Place the scale on a solid and flat surface.
2. Place bowl (if used) on the scale before turning on the scale.
3. Gently press on the scale with your hand to turn on. Wait until LED shows '0'.
4. Press **(UNIT)** to convert to Weight mode.
5. Place items on the scale to start weighing, LED will show the weight reading.

Volume indication mode

1. Place the scale on a solid and flat surface.
2. Gently press on the scale with your hand to turn on. Wait until LED shows '0'.
3. Press **(UNIT)** to choose "Water" or "Milk" mode.
4. Put a liquid container on the scale platform. LED shows the weight of container.
5. Press **(ZERO)** to reset the reading to "0".
6. Pour liquid (water or milk) into the container. LED shows the volume of the liquid.

"ZERO" or "TARE" function

To weigh different loads consecutively without removing previous loads from the scale:

1. Put first Load on the scale and get weight reading.
2. Press **(ZERO)** to reset the reading to "0" before adding next load. You can repeat this operation.

Condition 1: "ZERO" function

When total sum of all loads on scale is $\leq 4\%$ of scale's maximum weight capacity (4% here means 400g with this scale), LED will show "-----" or "0 g" each time **(ZERO)** is pressed.

"-----" means reading is not stable. Please wait for a moment. "0 g" and meanwhile an icon "O" on the left side of LED indicate ZERO function is activated. In this case, maximum weight capacity remains unchanged.

Condition 2: "TARE" function

When total sum of all loads on scale is $> 4\%$ of scale's maximum weight capacity (4% here means 400g with this scale), LED will show "-----" or "0 g" each time **(ZERO)** is pressed.

"-----" means reading is not stable. Please wait for a moment. "0 g" and meanwhile an icon "T" on the left side of LED indicate TARE function is activated. In this case, maximum weight capacity is reduced by total weight of all loads.

Under this condition:

- By pressing **(ZERO)**, you can see the total weight of all loads on the scale.
- To weigh more loads, just press **(ZERO)** to reset LED reading to '0' again.

Shut off

Auto shut-off: Auto shut-off occurs if LED shows '0' or shows the same weight reading for 2 minutes.

Warning indicators

Lo	Low battery. Replace with new batteries.
Err	Scale overloaded. Remove items to avoid damage.

Cleaning, Care & Maintenance

- Clean the case with a damp cloth. Never immerse in water or use chemical/abrasive cleaning agents.
- Remove the batteries if the unit is not to be used for an extended period of time.
- With the hanging hole on the back, the unit can be hung on the wall for storage.

Compliance

Dispose of depleted batteries in accordance with local regulations, within the EC there are nominated disposal points for batteries.

The WEEE logo on this product or its documentation indicates that the product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

VOGUE parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

VOGUE products have been approved to carry the following symbol:

I, the undersigned, hereby declare that the equipment specified above conforms to the above Territory Legislation, Directive(s) and Standard(s).

Ik, de ondergetekende, verklaar hierbij dat de hierboven gespecificeerde uitrusting goedgekeurd is volgens de bovenstaande Richtlijn(en) en Standaard(en).

Je soussigné, confirme la conformité de l'équipement cité dans la présente à la / aux Directive(s) et Norme(s) ci-dessus

Ich, der/die Unterzeichnende, erkläre hiermit, dass das oben angegebene Gerät der/den oben angeführten Richtlinie(n) und Norm(en) entspricht.

Il sottoscritto dichiara che l'apparecchiatura di sopra specificata è conforme alle Direttive e agli Standard sopra riportati.

El abajo firmante declara por la presente que el equipo arriba especificado está en conformidad con la(s) directiva(s) y estándar(es) arriba mencionadas.

Eu, o abaixo-assinado, declaro que o equipamento anteriormente especificado está em conformidade com a(s) anterior(es) Directiva(s) e Norma(s)
